## Five killed, one injured near Gumbo Festival

# Troopers await blood test results in highway deaths

By WAYNE DUCOMB JR.

The Mississippi Highway Patrol is awaiting blood-alcohol test results on five people killed in two separate Hwy. 603 accidents around midnight Saturday.

State troopers investigating the accidents Wednesday said their probes indicate all five attended the weekend Necaise Crossing Gumbo Festival.

They also noted a light rain causing slick road conditions had just begun before the accidents occurred.

Both accidents occurred on the highway near the festival grounds.

Trooper Mike Cox reported the highway patrol should receive the test results in two weeks.

He and Trooper David Kenny, investigating officers, said they would not publicly comment about the reasons for the tests until the results are known.

Bishop Joseph Howze of the Catholic Diocese of Biloxi, Tuesday reportedly restated in a television news report that the festival is no longer a church function.

Several months ago The Sea Coast Echo revealed that festival ties with the church had been severed, but the

organization would continue to pay an annual loan payment on the new St. Matthew The Apostle Parish Church.

The loan and proceeds from the festival in previous years allowed construction of the church in Necaise Crossing which replaced an old building.

The church was formally named Infant Jesus of Prague Church which was a mission of Annunciation Catholic Parish based in Kiln.

Following the announcement, the St. Matthew parish was formed.

Howze reportedly Tuesday stated the diocese would no longer even accept a donation from the festival for the loan note.

The bishop was unavailable for further comment Wednesday.

Cox investigated a car-pickup truck accident two miles north of the festival entrance which occurred at about 11:30 p.m. Saturday, claiming three lives.

## Poll manager workshops set

Three schools of instruction for election precinct workers will be conducted by the County Election Commission prior to the Nov. 2 election.

Persons interested in working at the polls are urged to attend one of these schools.

Dates and places include Thursday, Oct. 14 at Hancock North Central cafeteria; Monday, Oct. 18, Court Room in the Courthouse, Bay St. Louis; and Thursday, Oct. 21 at Gulfview

School Cafeteria in Lakeshore.

All sessions begin at 7 p.m.

Persons are invited to attend whichever meeting the date and location would be most convenient to them.

The Waveland Democratic Primary election also will be conducted Nov. 2 and workers for those city polls are also invited to attend.

Each person attending one of these meetings will receive a certificate.

## Rappold seeking reelection

Barbara Rappold, 112 Whispering Pines Drive, has announced her candidacy for re-election for the post of alderman, Ward One, in the City of Waveland.

Miss Rappold has served as city secretary of the City of Waveland for the past ten years.

She is currently serving as first vice president of the Mississippi Clerks, Assessors and Collectors Association.

Miss Rappold was also elected as first vice president of the Gulf Coast Municipal Officers Association, a position in which she now serves.

She was appointed by the Hancock General Hospital Board to serve on its Advisory Committee.

For the past two years she has served on the executive committee of the Mississippi Municipal Association.

Miss Rappold is a member of the International Institute of Municipal Clerks and has served as state membership chairman.

Alderman Rappold is a graduate of St. Mary's Dominican College of New Orleans. She taught for ten years before assuming her duties at the City Hall in Waveland.

## Billie Lyons eyes school board post

Billie Fay Lyons of Kiln has entered the race for the District Four seat on the Hancock County School Board.

Election for the post will be Nov. 2.

She is a lifelong resident of The Kiln Community and graduated from Kiln Consolidated School.

For the past eight years she has been employed as secretary for the Hancock County Farm Bureau.

She is married to Robert (Bob) Lyons and they have five children, Karen Pyle, Kelly Schwartz, Sheri Lyons, Shannon Lyons and Robert Lyons, all graduates of Hancock North Central High School.

They also have three grandchildren. Mrs. Lyons is co-chairman for the Farm Bureau Women's Committee and is a member of Kiln Annunciation Catholic Church.

In the past she has been an active member of the PTA and Band Parents.

Lyons pointed out even though candidates for the post must be residents of Beat Four, all registered voters in the Hancock County School District may vote in the Nov. 2 primary.

"I respectfully request the support of the voters in the Hancock County School District," Lyons said.

## Two aldermen unopposed in Waveland elections

By WAYNE DUCOMB JR.

Two Waveland aldermen are unopposed in their bid for re-election in the Nov. 2 Democratic primary and Dec. 7 general election.

Barbara Rappold, city clerk and an alderman also running for re-election, Tuesday confirmed Louie Smolensky, Ward Three alderman and a New Orleans businessman, and Herman Yarborough, Ward Four alderman and city utilities department supervisor, are both unopposed in the upcoming elections.

She noted Saturday was the deadline for candidates to qualify for the mayor, aldermen and Democratic Executive Committee races, and voter registration for the city election.

A final roster of qualified candidates lists Mayor John Longo, a Waveland businessman, seeking re-election against Alvin J. Ladner, manager of Camp Onward in Bay St. Louis.

Rappold is opposed in her bid for re-election as Ward One alderman by Robert Ladner, a Louisiana school teacher.

Ward Two Alderman Jack Toomey is not seeking re-election.

But Lee Ashman, a local builder, and Bob Hubbard, a photographer, are vying for the Ward Two position.

Qualifying for re-election to the executive committee are Claire Clements, Betty Diboll, Ruth Meilleur, Clifford Vogt and Beverly Zimmerman.

privileged to be in the first graduating class of Certified Municipal Clerks from Mississippi State University," the candidate pointed out.

Miss Rappold furthered her studies in city government and is recognized as an International Certified Municipal Clerk.

She is active in social and religious civic affairs. Since its inception, she has judged St. Clare School Field Day and has worked with the St. Clare Church Fair. She is also a member of the Krewe of Nereids and supports and works with the Krewe of Triton, American Legion, Civic Association, and Senior Citizen groups.

She is the daughter of Mr. and Mrs. Henry Rappold of 404 Gordon St., Waveland.

"I have enjoyed serving all of the citizens of Waveland for the past ten years as city secretary. Humbly, I feel I fully understand the needs of Waveland as a city, and especially the needs and desires of the people of the First Ward."

"How many people today in city government can say - these are as my family. I hope my constituents feel the same about me and will give me their support to assure my re-election," she stated.

Audrey, what would we give to see you smile, to sit with you and talk awhile.

The shock was so severe to part with the one we love so dear.

We often sit and think of you, the things you used to say and do.

We wonder why you had to leave us without a chance to say good-bye.

But God only knows why. Oh, Audrey, dear we love you.

And our hearts ache for you still.

## Pearlington, NAACP group question redistricting proposal

By BRENT MACEY

Three additional proposals to redistrict the county based on the 1980 census were filed by the Hancock County Chapter, NAACP at a second public hearing on the issue conducted in the Hancock County Courthouse Monday.

The Hancock County Community Action Agency, affiliated with the National Association for the Advancement of Colored People, hopes to combine black voting strength in Beat Five by changing proposed district lines in the cities of Bay St. Louis and Waveland.

District lines in the county which have been proposed by the supervisors and Gulf Regional Planning were not challenged.

Instead, the community action group, represented by Thomas Clarke and Father Francis Theriault, focused its attention on proposed beat lines in the more heavily populated cities.

The supervisors and Gulf Regional Planning have suggested Beat Five District lines encompass a section of Bay St. Louis south of US-90, and north and east of Washington Street.

The proposal submitted by the community action group Monday suggests moving the northern district line in Beat Five south to Ruella Street. The action would move some 255 people, mostly white, from Beat Five into Beat Three, they claimed.

To make up for that loss, the group suggested the southern border of Beat Five on Washington Street drop further south and west into Beat Four to pick up a larger population of blacks in the Sycamore and Ballentine area of Bay St. Louis.

The group suggested that the southern boundary of Beat Five sweep behind St. Stanislaus down Toulme Street, and include Ballentine Street and Old Spanish Trail.

Since that alteration would move some 529 people from Beat Four into Beat Five, the group suggests Beat Four boundary be moved further south into Beat One. Two locations for that southern boundary were presented—one calls for the location of the line on Nicholson Avenue, while the other suggests the line be located at Whispering Pines.

Beat Two would remain unchanged but One would lose either 103 or 227 people, depending on how far south the Beat Four boundary line is drawn.

The plans drew some heated arguments from Beat Five Supervisor James Travira, who argued his beat could not be altered so drastically in the city without accompanying changes in the county.

Since no one at the meeting was certain of the exact population figures involved in the changes, the proposals were given to Jeff Taylor with Gulf Regional Planning to determine if the figures are correct and if they would conform to beat population ratios recommended by the United States Justice Department.

Some 21 people attended the meeting, many from Pearlington who objected to that city being removed from Beat One into Beat Two under the supervisors proposed plan.

Bucky Reynolds, store owner in Pearlington, said most of the people who come to his store want to stay in

Beat One, currently represented by Bert Courge.

He suggested the supervisors go out and talk to the people door to door, "like when you're politicking" and find out how the people feel about being moved into Beat II.

His comments were followed by Mrs. Mattie Sams who also wanted Pearlington to remain in Beat One.

She noted a telephone call to Dolph Kellar, Beat Two supervisor, would be long distance from her house.

She said she calls Courge two or three times a week with requests from young and old in Pearlington, and she noted she could not afford to call long distance very often.

Other residents of Pearlington stated the proposed district lines "would cut Pearlington off" and put the city "in the corner pocket" in relation to the rest of Beat Two which stretches from Bayou Cadet to Picayune.

Calvin Curry from Beat One asked why the beats could not be left the way they currently are.

Board Attorney Walter Gex responded the beats could remain the same, but since populations in each beat are not balanced, any election could be contested and probably ruled out.

Other people at the meeting included Diamondhead residents who are pleased with the proposed supervisor's plan which places all of Diamondhead in Beat Three.

They attended the meeting to insure the proposal for their area remains intact.

## Shoplifter trials set for tonight

By ELLIS CUEVAS

Four persons are scheduled to appear in Waveland City Court tonight in connection with two shoplifting incidents, according to Waveland police.

Chief of Police Donald Dorn said, "Tony Henderson, 23, 1419 Lewis Ave., Gulfport was arrested Saturday for allegedly shoplifting merchandise from T.G. and Y. Family Center, Waveland."

Henderson was arrested by Waveland Patrolman John Wilkerson, with a female allegedly involved in shoplifting with Henderson leaving the store before police arrived, Dorn said.

Henderson is lodged in the Hancock County Jail in lieu of a \$2,500 bond. Waveland Investigator Sandra Henley reported three persons were arrested on Sunday in connection with allegedly taking a six pack of beer from the Waveland Jr. Food Store.

Henley said, "Winford Wright, 35, 1219 Violet St., Chalmette, La.; William Wright, 36, 1137 Elysianfields, New Orleans; and John Eyer, 57, no address given, purchased gas from the store and allegedly took a six pack of beer. A description of the vehicle was called to police by the store manager."

"Waveland Patrolman Oscar Thomas saw the vehicle and gave chase and later was assisted by Patrolman Wilkerson and Hancock Deputies Harold Heine and Jimmy Holden," Henley added.

Winford Wright in addition to a charge of shoplifting is charged with failure to stop for police lights and William Wright is also charged with resisting arrest, according to police.

Bond was set at \$200 for William Wright and \$100 for the other two, Henley stated.

## Council opens gas bids

By BRENT MACEY

The Bay St. Louis City Council Tuesday opened bids for the second phase of a gas line project, and rehabilitation and pest extermination of seven homes in the 1981 Small Cities Project area of this city.

All the projects are funded totally by Housing Urban Development.

The council took all bids under advisement until a 5:30 p.m. meeting today at City Hall where contracts will be awarded pending HUD's approval.

Bids on the second phase of the gas line project included bids of \$183,878 from T.J.L. Construction Co. of Tennessee; \$209,691 from Southland Enterprises of Gulfport; \$167,524 from Jim Best Construction of Baton Rouge; and \$227,291 from Southland Construction Co. of Gautier.

Streets were new gas lines are designated to be laid include areas of Easterbrook Street, State Street, Cen-

tral Avenue and Necaise Avenue.

In other business at the Tuesday meeting, the council:

—Agreed to require Bay St. Louis police officers to pay the cost of attending police training academy if they fail or do not complete the course;

—Heard a report by City Attorney Joseph Gex who stated a countywide wastewater agreement should be ready for the council's inspection by Oct. 14;

—Agreed to check with electric companies to see if conduit could be laid on the first block of Main Street to provide electricity to businesses and eliminate the need for powerline poles;

—Agreed to check with the State Health Department to see what type of sewer connections will be needed at a trailer park under construction at the corner of Bouslog Street and US-90. Citizens in the area are afraid no facilities will be constructed to handle sewerage in the area.

Religious Education classes are held for students attending public school every Tuesday in the parish hall immediately after school for grades first through fourth.

Classes are held every Thursday for grades fifth through eighth.

A "Fun-Nite" for Altar

Society members and their guests will be held in the parish hall Thursday Oct. 14 at 7:30 p.m. Everyone is asked to wear an original creation "crazy hat" for judging. For the most original there will be a special prize.

Adding to the fun will be a variety of games and prizes awarded.

Anyone planning to attend please call one of the entertainment committee members, Marilyn Dupont, Marian Traub or Shirley Williams.

## Supervisors to tell L&N of speeding train complaints

By BRENT MACEY

The Hancock County Board of Supervisors Monday agreed to notify the L&N Railroad of complaints received about trains running at excessive speeds through the Clermont Harbor, Lakeshore area of Hancock County.

Mary Caillier, president of the Clermont Harbor Civic Association, requested the supervisors take some action to stop the trains from exceeding the 35 mile per hour limit set for trains in this area.

"Somebody's going to get killed," Caillier said about the trains. She noted she attempted to keep up with a train by car recently but failed because the train was going so fast.

The supervisors agreed to notify L&N officials about the complaint. They also agreed to contact the state legislature requesting the state law be passed

allowing sheriff departments to use radar equipment for speeding motorists.

Caillier and Monroe Garcia complained of speeding cars and drag racing on Lower Bay Road.

Hancock County Sheriff Ronald Peterson noted the only way his department can arrest someone for speeding is to follow along behind.

Also at the Monday meeting, the supervisors agreed with a Hancock County Port and Harbor recommendation to hire Ed Nemer Construction Co. to dredge the Pearl River entrance to the Port Bienville Industrial Park for \$46,747.

In order to contain the spoils from that dredging, the supervisors agreed with the commission's recommendation to accept the low bid of \$9,450 from Southland Enterprises of Gulfport to

build dykes to contain the material.

Also at the meeting, the supervisors were warned by County Tax Assessor Collector Edward Murtagh that automobile privilege taxes have been changed to a flat rate of \$15 per vehicle. In the past vehicles were assessed on a sliding scale at \$5, \$10, \$15 or \$20, depending on the age and size of car.

"If you've got a small old car then the price is going to go up," Murtagh warned. He noted the State Tax Commission established the new rates beginning in July 1, 1982.

He noted the commission also has increased trailer registration fees from \$1 to \$10.

Also at the meeting the board agreed to pay the City of Waveland \$25,000 for the county's share of a street paving project currently being undertaken in that city.

## Hearing slated for duo nabbed at ammo plant

By WAYNE DUCOMB JR.

Two Picayune men are scheduled to appear in Hancock County Justice Court Wednesday night to face charges resulting after they apparently trespassed Saturday on U.S. Army property at the National Space Technology Laboratories.

Evelyn Peets, security officer at the Mississippi Army Ammunition Plant, Monday reported Lt. Gary Thigpen of the plant civilian security force and C.J. Cameron of Mississippi Wildlife and Fisheries Commission arrested Eugene Chavrin, 34, of Rural Route 5, Box 682 and Malcolm Crohs, 27, of Rural Route 5, Box 647.

She said Chavrin and Crohs were both arrested Saturday morning on the northeast corner of the plant's posted property as they were apparently crossing the area to reach International

Paper Co. land to hunt.

Peets added she did not know if the duo possessed the required permits to hunt on the paper company property.

"Both men are charged with trespassing on private property and possession of a dangerous weapon on a federal reservation," she stated.

The security officer reported the Picayune men were booked at the Hancock County Sheriff's Department in Bay St. Louis and released after posting \$500 bond each.

She said the two are scheduled for a hearing at 6 p.m. before Justice Court Judge Horatio Frierson.

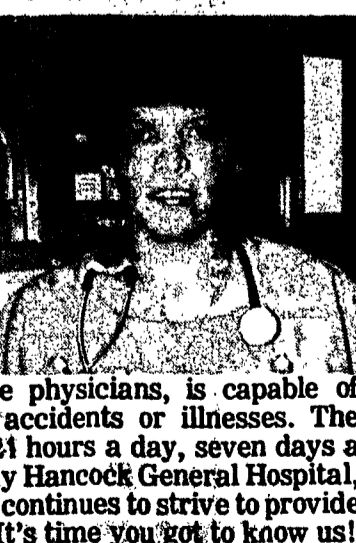

Peets warned that anyone apprehended on the reservation will be prosecuted.

"We don't allow hunting or fishing at all based on Army regulations and for security reasons," she stated.

# the Races

**WIN UP TO \$1000<sup>00</sup>**

After each race check your TV screen for the number of the winning horse. Compare this number with the number shown for the same race listed on your card. If the number on your card corresponds, you have a winner. Take your card to any participating Winn-Dixie store. You may also check your card at your nearest participating store to determine if you are a winner. Winning cards must be redeemed by the close of business Friday following that week's races. Cards that have been mutilated or altered will not be accepted for awards. Employees of WINN-DIXIE, its advertising agency, participating television stations and their immediate families are ineligible to participate. Any winner announcements made as the result of any program error are subject to correction. Pick up your winning card at any of 113 participating WINN-DIXIE stores in Louisiana and southern Mississippi. Let's go the races scheduled to end Nov. 13, 1982.

## Bits 'n pieces

Hunting season is once again upon us and some of the same problems seem to be cropping up.

We received a telephone call from a subscriber this week reporting hunting going on in the city limits of Waveland.

We have talked to Police Chief Donald Dorn of Waveland and also Chief Douglas Williams of Bay St. Louis and they report it is illegal to discharge firearms within city limits.

Both chiefs urge residents to call their respective departments if they see persons shooting or hear the discharge of firearms in the city limits.

With so many homes in Bay St. Louis and Waveland it is extremely dangerous for persons to be using guns.

The Waveland police department's telephone number is 467-6559 and Bay St. Louis police 467-9221.

It will be football time again Friday night in Bay St. Louis with two homecomings.

The Bay High Tigers will entertain the Long Beach Bearcats and the St. Stanislaus Rock-A-Chaws will host St. Paul of Mobile.

We know many high school football fans in Bay St. Louis and Waveland will have a hard decision as to what homecoming to attend while for others it will not be hard at all.

We do hope everyone will support the team of their choice, but if you feel bad about not going to the other contest we guess it is just one of those things.

Who knows, maybe next year homecoming will be held on different nights by Bay High and St. Stanislaus.

The Hancock North Central Hawks lost a thriller last week to East Central 17-20 in a double overtime effort and will be trying to get back in the winning column when they host St. John.

The Pirates, like Stanislaus will be seeking their first victory of the season Friday when they entertain a strong East Central.

We hope to see you at one of the games.

PS: Kick-offs are scheduled for 7:30 p.m.

We would like to mention plans are underway for the Annual Hancock County Fair which is scheduled for the week of Oct. 25-30.

We know many residents are now in the process of getting items ready to enter in the various categories at the annual event.

There are so many categories in baking, cooking, preserving, arts and crafts. It isn't hard for one person to come up with several entries at the fair.

There are also many entries for farm animals of all types and we hope everyone will make plans now to visit the fair in the last week of October.

Editor  
Sea Coast Echo

Dear Sir,

The American Red Cross Mobile Unit will be at the American Legion Home, Post 139, Bay St. Louis, on Wednesday, Oct. 13 from 2 p.m. to 8 p.m.

Our quota for this blood drawing is 125 units.

Since our last drawing, we have had a heavy demand for blood. For example, some of the needs we have supplied are Father John Stoessel, St. Augustine Seminary, 46 units; Elise Gauthier, mother of Brother Aquin of St. Stanislaus, 19 units; and Jan Rutherford, daughter of John and Rose Rutherford of Main Street, 28 units.

We know you are aware of the importance to the life and health of our community to have blood available at all times, and that to do this we need your help.

Will you please assist by requesting your readers and employees, members of their families and friends who are physically able and 17 years old or older to come in Wednesday afternoon, Oct. 13 and donate a unit of blood?

Your assistance in any way at your command to make this drawing a success and productive will not only be appreciated, but is essential to those who will need this blood.

Sincerely,  
John D. Rutherford Jr.  
Chairman

### Bay-Waveland Humane Society slates sale

October 4, 1982  
Editor  
Sea Coast Echo

Time has rolled around again for the fall Rummage Sale of the Bay-Waveland Humane Society, Inc. It will be held Thursday, Friday and Saturday at the Civic Center, Waveland from 9 a.m. to 5 p.m.

Always in the past we have had such wonderful cooperation from people donating clothes and items for this sale. This year it seems as if it is more so than ever before as we are just loaded down with worthwhile things to be sold.

The people of Hancock County have always made this sale a huge success and we know that we can count on their support again this year.

Proceeds will be used for the spay-neuter program.

See you at the sale.

Mrs. John E. Isom  
Corresponding Secretary

### BUSINESS DAY REVISITED

Remember "Big Business Day"?

That was the day that certain anti-business forces sponsored what they named "Big Business Day." The observance was held, not to promote business, but to assail it. Its ill-conceived objective was to show to the American public how business was destroying all that is good in the United States.

But this poorly masked anti-business observance was a flop. And it has not been repeated.

This should come as no surprise. The vast majority of Americans support business in one form or another. Moreover, they are an integral part of business. Of course, like all segments of society, there are a few bad apples in the bunch. And American Business is increasingly attempting to weed out the bad ones. But the great majority of business owners and employees are people who care about their work and their communities.

Recently, the U.S. Chamber of Commerce developed a few statistical highlights on American business: that it provides jobs for 84 million people; pays \$300 billion annually in taxes; creates 2.2 million new jobs each year; pays \$1.2 trillion in wages plus more than \$400 billion in benefits annually; is supported by 32 million Americans who own shares in publicly held companies; gives \$2.6 billion yearly to education and community needs; and so on.

No small wonder why an anti-business observance would be so unpopular.

## Bottom Line

Candid Answers To Your Questions  
About Advertising and Business Topics.

By S. GALE DENLEY  
Associate Professor of Journalism  
University of Mississippi

I'm thinking about building some small warehouses in my area, and need market research and financial data. But I'm afraid someone will steal my idea if I make local inquiries. In A Quandary.

Dear AQ: There are a number of approaches to deciding on a business venture of this type, but all involve a certain amount of risk. Not only is there the risk of having an insufficient market, but as you suggest, there is always the spectre of future competition that may arise.

A good approach would be to look in other market areas, that may have projects similar to your proposal, to see how they are doing. If you are far enough from home, most owners will be glad to discuss their operation with you and tell you about some of their successes and, also, some of their headaches.

Then there is the Small Business Administration which has a number of publications for people like you who are considering a new business. Not only do they have general advisors, but on occasion can provide specific data or expertise.

But, you can do your own market research to a point by checking with some of the obvious prospects in the community, to see if 1) they have a need for your service; 2) if so, would they be willing and able to pay what you estimate the cost to be; and 3) if they know of anyone else who might be a prospect.

This approach makes the project something of their idea, and they will thus probably be more likely to support the venture if you decide to go through with it.

At this point, you could go public — that is use ads in the local newspaper to promote the idea, and to locate other prospects in advance of building. Not only can this help you decide on the course to follow, but hard contracts from prospects can also help in securing financing.

As for competition, there's no way to tell what may happen in the future. But there are a few generalizations you need to consider. One is that the market always reacts to a new entry, therefore things will not be the same as they were before you came.

Secondly, if your preliminary investigations should give away your secret, and someone beats you to the market, chances are they would have done it anyway. Thus you have only lost a good idea. And, hurt feelings can be recovered more easily than lost investment capital.

If you feel there is sufficient demand for your new service, and you have the capital, you can get ahead of any claim jumpers who may be on the scene. But the stakes are only who will be first, not who will have an exclusive.

And the second guy may very well do better simply because he has had the opportunity to observe the performance of the fellow who was there first.

WHAT'S WRONG IN THIS PICTURE?—What is wrong in this photograph symbolizes what is wrong throughout Hancock County—trash, garbage and old furniture and appliances thoughtlessly disposed along our roads and highways. Because of this widespread abuse of public and private property, local residents probably don't even notice the trash anymore. This is one example of the deteriorating quality of life in Hancock. We're so concerned about our immediate need to rid our autos,

businesses or homes of trash that we have no regard for the local surroundings—we're living like pigs in a pen wallowing in wastes. Bags of garbage in a cluster of daisies along a highway is not that noticeable unless viewed closely as shown here, but the next time you see a recently-mowed road shoulder, notice the enormous amount of trash and garbage that is churned up by the bushhog blades.

## NEWS FROM THE GOVERNOR'S OFFICE

The target date for the distribution of Mississippi's third allocation under the U.S. Department of Agriculture's Donated Commodity Program has been set for Oct. 28.

According to Project Coordinator Buddy Jemison, the state's allocation, consisting of 772,800 pounds of cheese and 307,200 pounds of butter, will be delivered to local planning and development districts by Oct. 27.

Hancock County's share consists of 249 cases of cheese and 93 cases of butter. One case of cheese is equal to six five-pound pieces, and one case of butter is equal to 32 one-pound blocks.

"Most of the counties will be giving out the dairy products on our target date—the 28th," said Jemison. "We are allowing the counties some discretion, however, to give the cheese and butter out when it is convenient with them if they have a conflict on the day we've set."

The accumulation of millions of pounds of American-processed cheese

as a result of federal price supports led the government to donate 100 million pounds of cheese nationwide through the program last December.

Two previous allocations of cheese, totalling 1.1 million pounds and available only to food stamp recipients, were distributed during February and March to approximately 177,000 individuals.

Food stamp recipients will be joined this time by Medicaid recipients and unemployed persons in qualifying for the five-pound block of cheese and two-pound block of butter, both valued at \$2.25 million.

Vouchers are currently being enclosed with Medicaid and unemployment compensation payments, said Jemison. Individuals receiving vouchers will be able to redeem them for the commodity packages on the distribution date at the sites determined by each county Board of Supervisors.

Previously, recipients were required to present their food stamp identifica-

tion cards to welfare workers before receiving the cheese.

All of the October distribution will be on a first-come, first-served basis, said Jemison.

If any dairy products remain after vouchers have been redeemed, they will be donated to charities that serve meals, county jails, hospitals, schools and other institutions, charities for distribution to the needy and directly to needy individuals who did not receive vouchers.

Should the supply in a county be exhausted before all vouchers have been honored, persons holding the vouchers will be given first priority on any further distributions.

Jemison said two-thirds of the eligible food stamp recipients took advantage of the program in February and March. The voucher system, he said, will make it possible to serve a wider variety of needy people with food stamp recipients being joined by Medicaid recipients and unemployed persons.

## Time, temperature service adds weather forecast

A new dimension is to be added today to one of the most popular telephone numbers in town.

Thanks to Hancock Bank, area residents can now obtain the current weather forecast along with the time and temperature by dialing just one number, 467-9051.

"Having first brought our community the time and temperature service in 1963, we have witnessed the continuing popularity of a quick call to get the current time and temperature," said Leo W. Seal Jr., president of Hancock Bank.

"Because of the tremendous success of the service and since weather is an important factor affecting every citizen, we are quite pleased to offer the addition of weather to our community, all in one simple phone call," said Seal.

Located directly on the bank's premises, the new digitally operated Time-Weather-Temperature (TWT) system provides the correct time (accurate to the nearest minute), current temperature (accurate to the nearest degree), and the Bay St. Louis area weather forecast.

Weather information is obtained from the National Weather Service and updated twice daily by a staff of meteorologists at the Audichron Company in Atlanta, manufacturers of the new system.

Weather information is put

into the system via a series of codes developed by the weather service and Audichron and is then transferred over telephone lines.

In the case of severe weather, the service will be updated as often as necessary and callers will be asked to turn to their local weather channels for more information.

"The degree of accuracy of the service is remarkable," said Seal. "The time is announced to the nearest minute, but in fact, the equipment is operating to a tolerance of one second per month," Seal added.

Up-to-the-minute temperatures are possible because a cable links an electronic thermometer on the bank building with the recording apparatus. The thermometer sends a signal into the machine, which trips the temperature device putting the recording on the line.

John Doyle is the voice on the new TWT service. Doyle works for WSB-TV in Atlanta and does the weekend weather news.

Since working at Audichron as a professional recording voice for the past ten years, he has had the honor of talking to the equivalent of every human being on the face of the earth numerous times.

Pioneers and inventors of telephone announcement systems, Audichron also

manufactures the system used by the U.S. National Bureau of Standards and the Canadian Dominion Observatory, which broadcast standard time signals and provide the primary audible time reference for the Western Hemisphere.

## Bay teacher explains:

## Yoga combines both body and mind

By BRENT MACEY

A Bay St. Louis woman who has been teaching yoga for nine years recently began teaching classes at Loiacano's Health Club in Bay St. Louis.

"Yoga," Laura Fiedler explained, "means to join together. And once a week on

She noted, "You can't reach a state of relaxation if your body is doing one thing and your mind is doing another."

"The first step is to go within, internalize, and evaluate what is going on inside yourself."

"We use the exercises to

"Through yoga you learn to slow your body down so that your mind can catch up with it. It is taught so slowly that your body and mind relationship can be more in harmony," she said.

Fiedler noted she never teaches the more difficult and advanced yoga positions to her students.

Several other exercises complete the gentle stretching of the leg.

The other leg is stretched in the same manner and then other parts of the body are exercised.

Women returning from the class appeared enthusiastic about their first lesson.

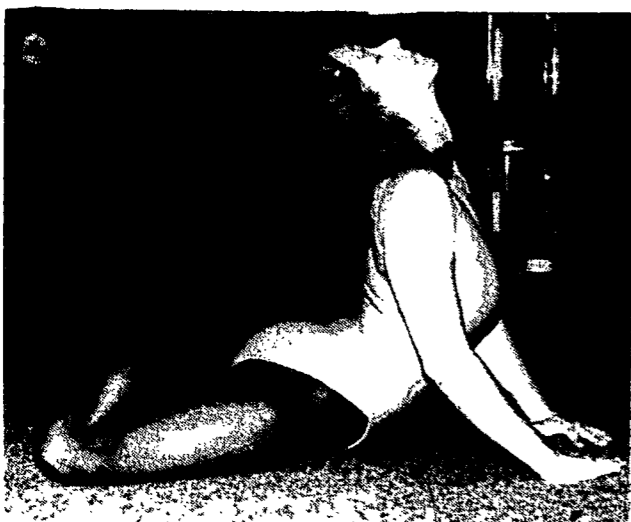

"It's fantastic," one woman claimed.

several universities.

Now she teaches at the club and also at her house.

Fiedler demonstrates some of the more advanced yoga positions, including the 'cobra,' above.

The young blonde explained, "Yoga is not a religion. It is a system of techniques devised to help people become self aware."

She noted the mind is much slower than the body, and ex-

The simple exercises are just as effective," she said.

The first exercise Fiedler often uses is called the Lazy Man's Yoga.

The student lies on his back, arms by his side with the palms facing upward.

First one leg is raised and pulled to the chest, then straightened while the arms support the back of the leg.

Fiedler, in a soothing narrative, directs the students to slowly rotate their ankle, first clockwise and then counter clockwise.

The toes are exercised by stretching and flexing, and then the foot is rubbed by the hands.

"Show your foot you love it," Fiedler says. "Isn't this a better way to realize your foot than to stub your toe and hurt it. That's a painful way to discover your foot."

"It helps to normalize you. If you're underweight you may gain, and if you're overweight you will lose," she said.

"It's a slow process," she noted. "You evolve into it."

"I think that it makes you feel so good that you don't want to eat."

"I think a lot of people eat because they are tense or nervous."

"Yoga can release that tension," she said.

She noted she teaches a type of yoga that is designed for the modern day working man or woman.

"Yoga began some 10,000 years ago. But since it is still perpetuating itself then there has got to be something to it," she said.

She noted she has taught in a variety of places to both young and old, as therapy in

## Ailing Hawks facing soaring Eagles

By EDGAR PEREZ

An ailing squad of Hancock North Central Hawks will be facing a soaring band of St. John Eagles in Hawk Stadium Friday.

At least two Hawk starters are benched with injuries and a third is a doubtful this week.

Kicker Bobby Beech sustained a broken bone in his hand and lineman Billy Davis

suffered a neck injury and definitely won't play against St. John.

Hawk coach Irvin Favre said this week Dennis Lacoste, plagued with a separated

shoulder, might see limited action.

All three were injured in practice Monday, the coach lamented.

Beech was cited by Favre as the outstanding defensive player in last week's double overtime loss to East Central, 20-17.

Lacoste and Danny Foy also gave outstanding defensive efforts in the Hornet fray, Favre pointed out.

The coach noted the Hawk offense suffered against East Central due to an injured Cedric Goff who lost two teeth in the first quarter, and ailing Lydell Curry who was running temperature Friday night and had had teeth extracted during the week.

Curry is expected to fill in for Beech in the extra point and kickoff department, while Gary Fricke will do the punting against St. John.

After exploding for an opening kickoff return of 80 yards for a touchdown, Curry was limited to 11 yards gained in 11

carries against the Hornets.

The Eagles are bringing a four win-one loss record to Hawk Stadium this week, as well as the 1981 Dist. 8 BB championship.

"The Eagles this year are a real fine ball club," Favre feels, "the best team St. John's had in years."

"They have taken their licks in the past few years, and are now a tough, veteran senior team."

"You have to be good to win a district championship, anyway," the HNC coach noted.

Favre said the Eagles are 'very stingy' on defense, having relinquished a mere seven points per game on the average to 1982 opponents.

"They are outscoring their adversaries this year by about three or four to one," the boss Hawk elaborated.

The Eagles loss was to St. Paul's of Mobile, 14-0. St. Paul's bested Mobile County 21- and Mobile County topped St. Stanislaus 21-0 this year.

The Eagles humiliated New

Augusta, 53-0; stomped Mercy Cross, 35-0; dazzled Lumberton, 37-14; and took North Forrest last week, 26-7.

Favre expects a formidable passing attack from the Eagles, sparked by quarterback Elton Lombard, a 160-pound senior 'who is the most accurate passer on the Coast—all schools included.'

Lombard's targets will include tight end Jacques Guillot, a 195-pound, six foot-two inch senior who is being scouted by major colleges and split end Eric Flemming, a 165-pound junior with 'excellent speed and great hands.'

The sea level attack will come from Eagle backs Hill and Campbell, 155 and 144-pound seniors, respectively.

Eagle strength on the line is exemplified by 235-pound tackle Kerwin Cuevas.

Favre said the majority of the Eagle linemen fall in the 170 to 190-pound class.

**EVASIVE ACTION**—Hancock North Central quarterback Mark Santall (14) takes evasive action to avoid a swarm of East Central Hornets in high school football action Friday in Jackson County. The Hornets bested the Hawks 20-17 in double overtime. The Hawks face a steamrolling St. John of Biloxi this week in Hawk Stadium at 7:30 p.m. Friday. HNC defensive mainstay Dennis Lacoste, (48) is expected to miss the action with a shoulder injury. (Echo staff photo by Edgar Perez)

## Death ..... CONTINUED FROM PAGE 1A

The trooper said an eye witness reported the automobile driven by William Strahan, 16, and with a passenger, Kenneth D. Smith, 14, both of Poplarville, was traveling from the festival north on Hwy. 603.

Cox said the witness reported the car and three motorcycles were repeatedly passing each other.

At the crest of a small hill two miles north of the festival, Strahan was passing the cyclists again when he saw the pickup heading south toward him, slammed on brakes and skidded sideways.

The truck hit the car broadside on the passenger side, the witness told the trooper.

The trooper said the impact severed the front end of the car which was hurled some 160 feet beyond the point of impact.

He reported the two youths apparently died instantly.

Cox said Louis J. Nicaise, 23, of Perkinston was driving the pickup and later died as Mobile Medic was transporting him to Hancock General Hospital in Bay St. Louis.

Nicaise was a gumbo festival official, Cox confirmed.

The trooper said a passenger in the pickup, Elizabeth A. Miller, 25, of Houma, La., is in stable condition with multiple injuries at Hancock General.

He reported his investigation found no fault with the pickup driver.

The investigation is closed pending receipt of the blood test results, the trooper added.

Cox was also assisted at the accident scene by the Hancock County Sheriff's Department and Diamondhead Fire

and Rescue units.

Kenny investigated a one-vehicle accident involving a truck tractor which occurred at about 12:02 a.m. Sunday two miles south of the festival entrance.

The trooper said the driver, William Terry Saucier Jr., 25, of Delisle, and a passenger, Byron J. Nicaise, 19, of the Lizana Community were apparently killed instantly in the mishap.

"The truck went in the ditch because the vehicle was apparently traveling too fast, he lost it and overturned," Kenny stated.

He said the driver apparently lost control in the turn, overcompensated, and the truck slid into the ditch on the inside of the curve and hit a culvert which caused the rig to overturn.

The truck was traveling south from the festival, he noted.

The truck cab was flattened by the impact.

## HIT AND RUN

Kenny also reported a Marietta, Ga. man is in Hancock General with a broken leg resulting from a hit and run incident on I-10 Tuesday morning.

Mark Maryfield, 22, was hitchhiking along the eastbound lanes just east of the Hwy. 607 interchange at 8:55 a.m. when a two-door blue car, either an Oldsmobile or Chevrolet, struck the pedestrian who was standing on the shoulder.

Kenny said the driver of the car is being sought by the highway patrol.

The trooper reported the car also struck two nearby interstate mile markers.

The vehicle should have a damaged right front bumper, Kenny added.

### GOURMET CHEF

CNN viewers who have followed the culinary exploits of gourmet chef Graham Kerr over the last two years can now watch him in action Sunday mornings at 8:10 a.m.

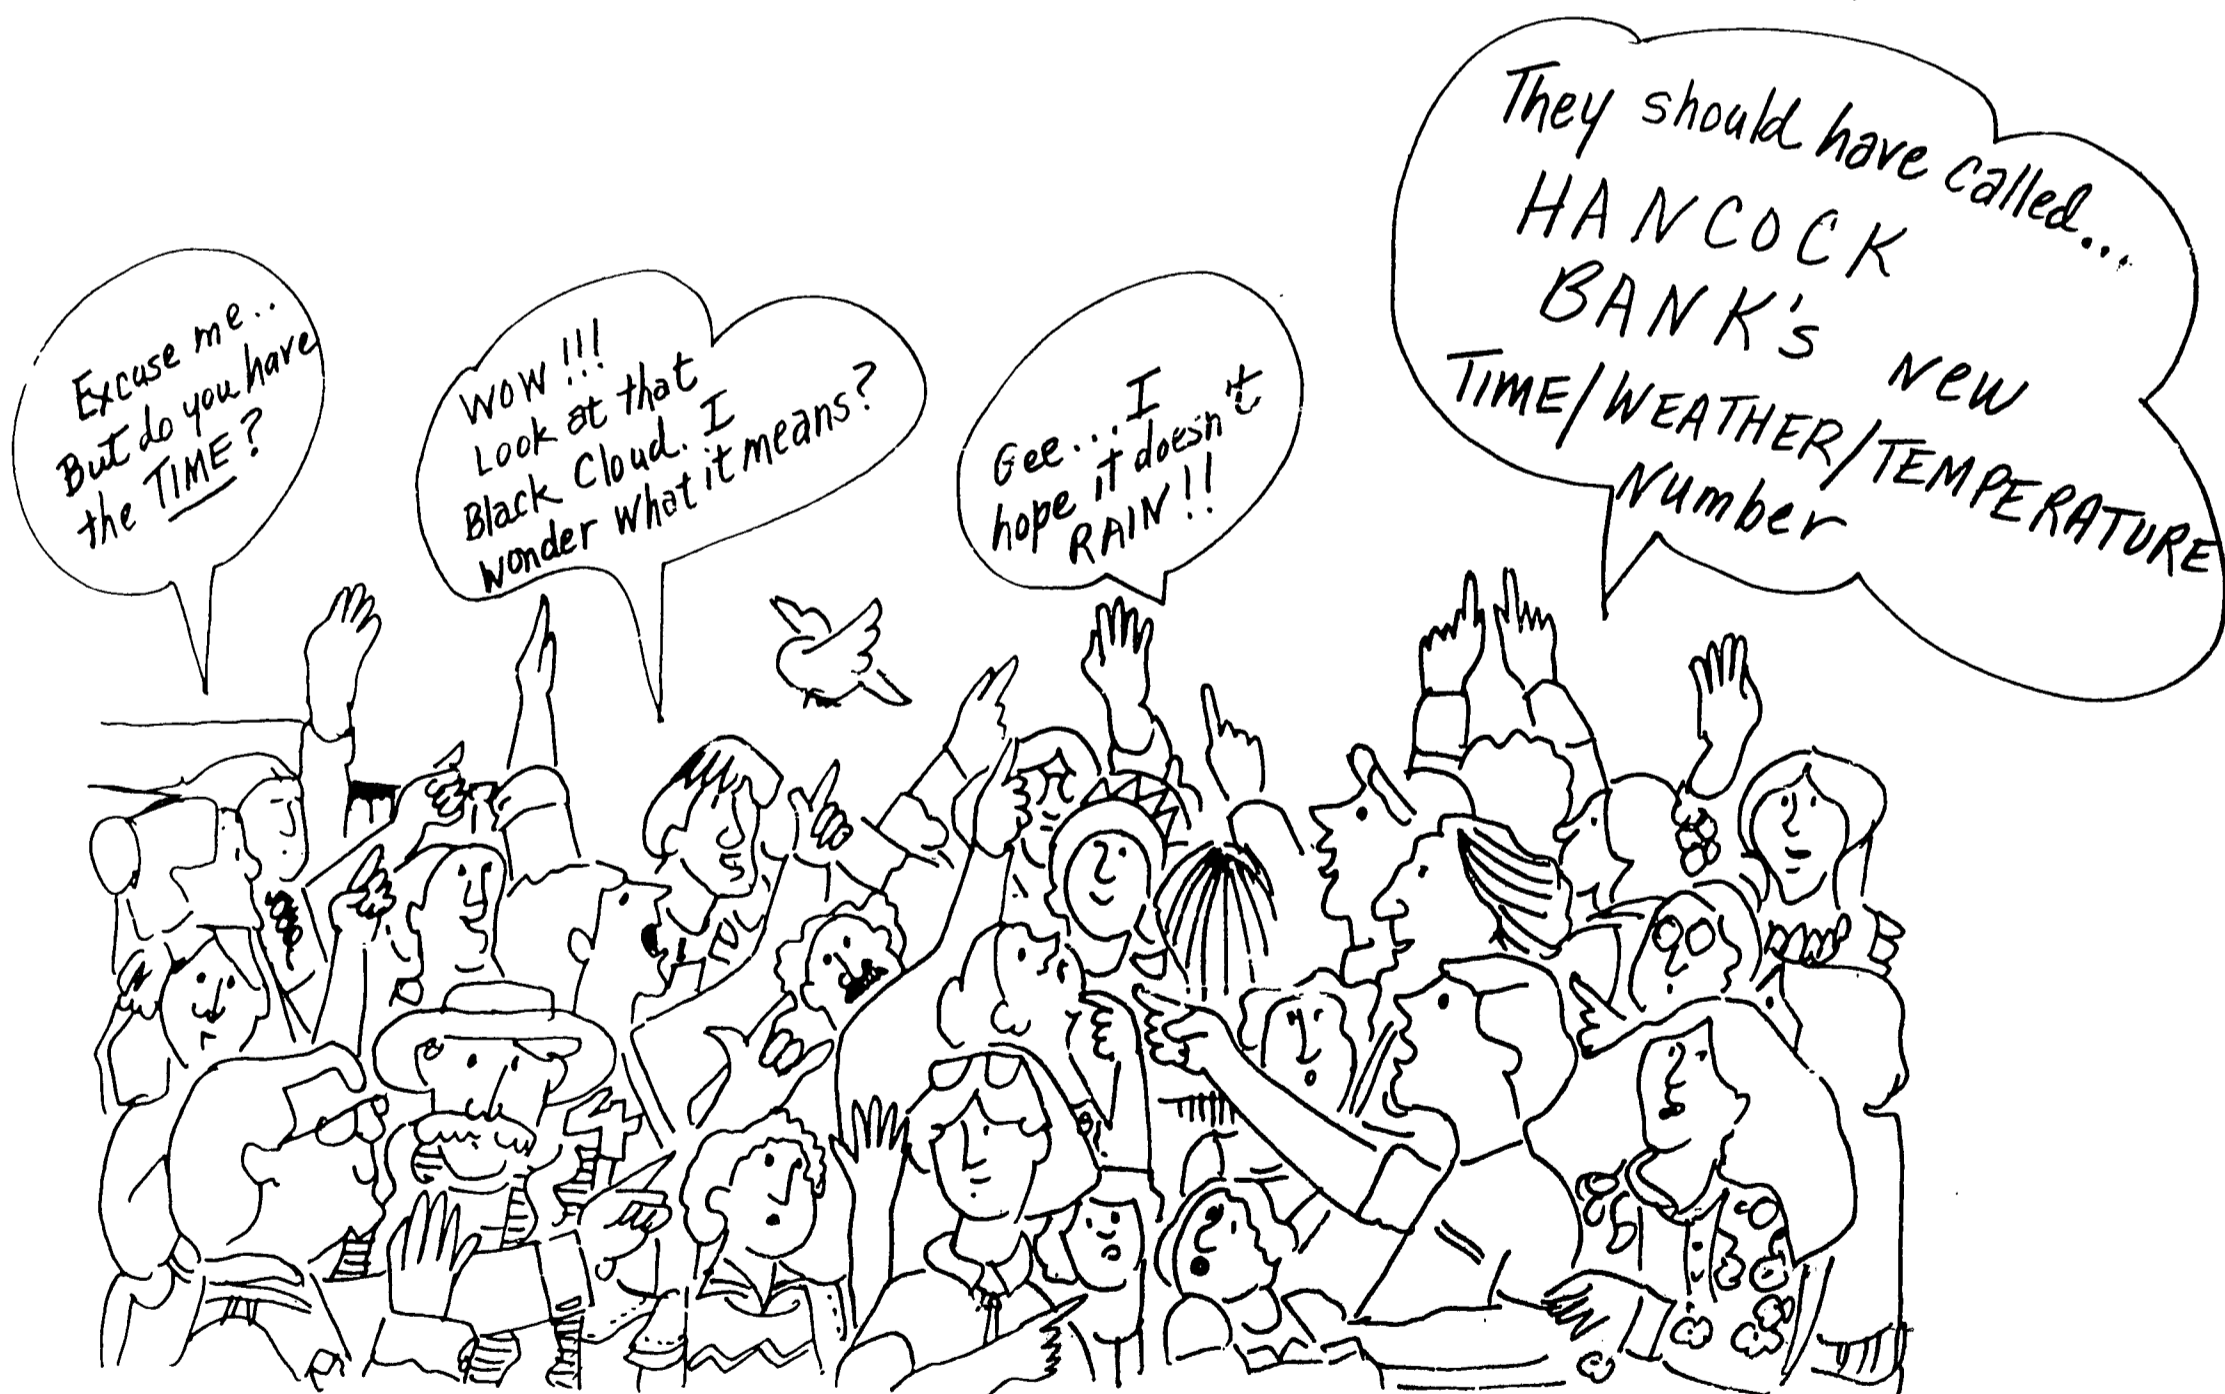

CNN is carried on Hancock Community Cable's channel 10.

The inimitable Kerr, who demonstrates mouth-watering recipes, liberally laced with

jokes and an infectious joie de vivre, has been a regular on CNN since shortly after it went on the air.

His Cooking With Kerr segments have aired on a daily basis and have earned him a loyal following of armchair chefs across the country. The weekend edition of Cooking

With Kerr will augment Kerr's daily cooking tips and gourmet recipes.

# Rock Homecoming Parade rolls at 4 p.m. today

St. Stanislaus will observe its 1982 homecoming Friday. Alumni of the school have been invited to take part in the activities, including a Homecoming Parade Thursday at 4 p.m., pep rally on campus Thursday at 7 p.m.; and cocktail party Friday for alumni and friends beginning at 5:15 p.m.

The homecoming game between St. Stanislaus and St. Paul's will begin at 7:30 p.m. The homecoming court will be formally presented at the game and again at the homecoming dance on Saturday.

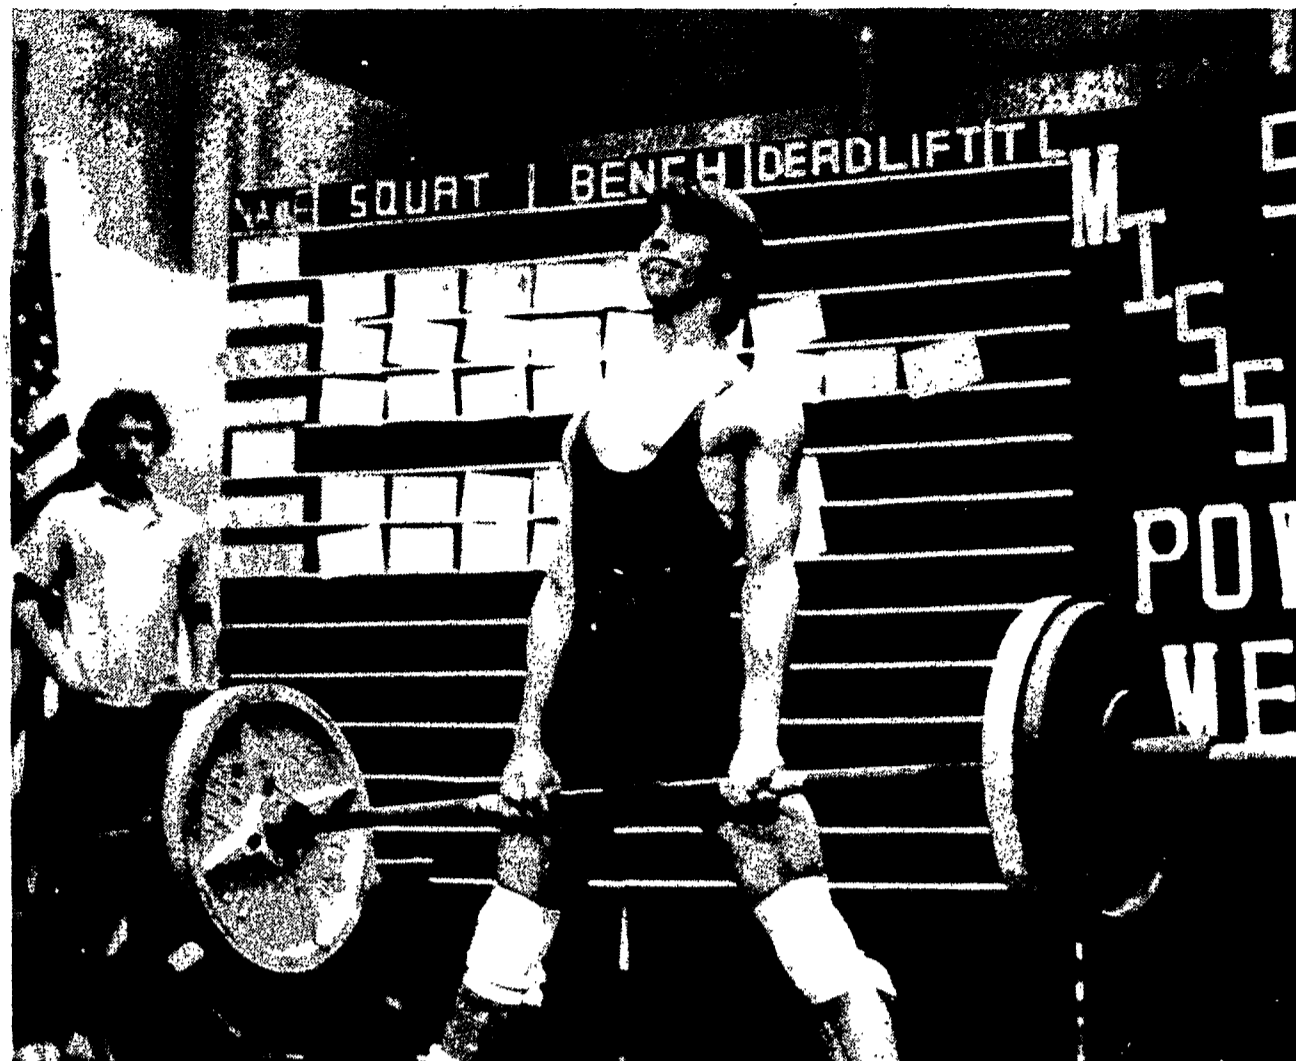

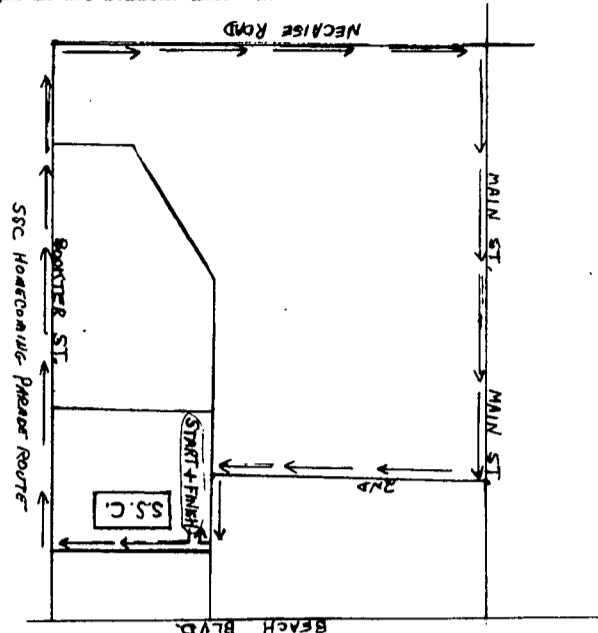

This year's homecoming queen is Miss Tracy Weaver, daughter of Mr. and Mrs. Emile Weaver of New Orleans, La. She is a senior at St. Mary's

Dominican High School where she is a member of the French Club and the Intramural representative for her class. She is also a member of the school's basketball team.

The maids include Miss Tanya Barnes, daughter of Mr. and Mrs. William Barnes of Irvington, Ala., a junior at McGill-Toolen High School; Miss Dawn Cox, daughter of Mr. and Mrs. William Cox Jr. of Pass Christian, a freshman at Our Lady's Academy; Miss Stephanie Daughdrill of Hammond, La., senior at St. Scholastica Academy; and Miss Mary Garcia, daughter of Mr. and Mrs. David Garcia of Waveland and a senior at Our Lady's Academy.

The court will be also introduced and recognized at the dance Saturday.

The dance is semi-formal, scheduled from 8 p.m. to midnight in the student union at St. Stanislaus and is open to all students and alumni of St. Stanislaus.

**WORLD RECORD SETTER**—Bay St. Louis Jeff Kergosien shows the form that earned him the teenage world deadlift record at a recent Greater Hattiesburg Powerlifting Championships conducted at the University of Southern Mississippi. The 131 pound Kergosien, who began his weightlifting career as a member of the St. Stanislaus Weight Lifting Club,

deadlifted an astounding 470 pounds to break the previous teenage world record of 468 pounds. Kergosien is the first resident of Hancock County to set a World Record in the sport of powerlifting and perhaps the first resident of Hancock to set a world record in any sport.

**STANISLAUS HOMECOMING COURT**—Mary Garcia, Tanya Barnes, Queen Tracy Weaver, Stephanie Daughdrill and Dawn Cox will be presented at the St. Stanislaus Homecoming foot-

ball game on Friday night and again at the Homecoming Dance on Saturday night.

## Bay Area Soccer Club seeking coaches, sponsors

Bay Area Soccer Club has completed registration for the 1982-1983 recreational soccer season.

Teams are organized with seven in the Under-8 Division, six in the Under-10 Division, five in the Under-12 Division, three in the Under-14 Division, one in the Under-16 Division, and two in the Girls' Division.

Further registrations will be accepted only as space is available on existing teams.

Questions on where teams are playing should be directed to respective Division Commissioners: Under-8, Brian Cronyn, 452-9309; Under-10, Mike Davis, 255-1021; Under-12, Stan Weidman,

467-5769; Under 14/16, Sam Allison, 467-7957; and girls, Harriet Bellone, 467-4061.

The league is seeking coaches in the Under-10 and Under-12 Divisions.

The club has secured sponsors for some of the teams, but there is still opportunity for businesses to sponsor a team and have business name on

the back of the team uniform. To sponsor a team, contact Patrick Neely at 467-5874.

BASC will meet, open to the public, tonight at 7:30 p.m. at the Church of the Pines opposite Choctaw Plaza.

The first game will be Nov. 6, so the teams have four weeks to prepare.

## Bay High Homecoming includes parade, crowning

Jelinda Edgecombe, daughter of Mr. and Mrs. Harold Edgecombe Jr., is queen of the 1982 Bay High Homecoming Court.

A senior, she is vice-president of the Business Club and is in her second year as a Tiger cheerleader.

As a sophomore, Edgecombe was a member of the Student Council, class president, and was also selected as Class Favorite.

Bay High Principal Robert V. Magee this week announced the court selections.

Senior Maids are Mary Ramond, daughter of Mr. and Mrs. Eugene J. Ramond, and Gina Seymour, daughter of Mr. and Mrs. Wilmer Seymour.

Ramond is making her second appearance as a maid on the Homecoming Court, has been a Tiger Cheerleader throughout high school, and has served as captain as a junior and senior.

She has been a member of the Student Council

throughout high school, held the office of vice-president as a junior, and this year is the Council president.

She is a member of the National Honor Society, the Latin Club, and is president of the Business Club. As a sophomore, Ramond was selected as Class Favorite.

Seymour has been a member of the tennis team and the Latin Club throughout high school.

She is also secretary of the Latin Club, president of the Business Club, and secretary of the senior class.

As a junior, she was selected Class Favorite and Princess of the Junior-Senior Prom.

Seymour was a member of the Student Council for two years and is in her second year as a Tiger Cheerleader.

Junior Maids are Donna LaScola, daughter of Mr. and Mrs. Donald A. LaScola, and Donna Palmisano, daughter of Mr. and Mrs. Everett Darrow. LaScola was vice-president of her sophomore class, is a

two year member of the Yearbook Staff and the French Club, and this year has added the Business Club to her list of activities.

Palmisano is also making her second appearance as a member of the Homecoming Court, and this year is a Tiger Cheerleader.

She is also a member of the tennis and volleyball teams for the second year.

Sophomore maids are Amy Compretta, daughter of Mr. and Mrs. Donald Compretta and Tanya Mitchell, daughter of Mrs. Juanita Mitchell.

Compretta, as a ninth grader, was a member of the Student Council and Civics Club and the Tiger Pride Band. She is a second year member of the FHA Club and this year is a Student Council representative.

Freshman Maids are Tracey Carver, daughter of Mr. and Mrs. Howard Carver, and Amy Magee, daughter of Mr. and Mrs. Robert V. Magee.

Carver, in her first year at Bay Senior High School, is a member of the Student Council, vice-president of the class, and is captain of the ninth grade Tiger Cheerleaders.

Magee, also at Bay Senior High School for her first year, is a member of the Student Council, treasurer of the class, and a ninth grade Tiger Cheerleader.

Homecoming activities will begin at 2 p.m. Friday, with a parade forming at the City-County Library, Service Lane, Highway 90, Bay St. Louis.

The parade will go down de Montluzin Street to Beach Boulevard, Beach to Court Street, Court to Second Street to Bay Junior High Campus where it will disband.

Evening activities will begin at 7:15 p.m. at the Tiger Stadium with presentation of the Homecoming Court and the crowning of the queen by Superintendent J.D. McCulloch.

## Gulfview Bulldogs to face Hancock

The fifth and six grade Gulfview Bulldogs will travel to Hancock North Central tonight, attempting to keep their 2-0 winning streak intact.

Last week the Bulldogs defeated the fifth and sixth grade Bay Jr. High Tiger football team by a score of 14-0.

In seventh grade junior high football action last week, the Tigers downed Gulfview 20-6.

The Bay's touchdowns came from 30, 35, and one yard runs by Brian Laneaux.

The lone Bulldog score came on a three yard plunge by Emmett Lusich.

**SIDELINE CONFERENCE**—St. Stanislaus head football coach Vernon Powell, center, and assistant Dale Lolacano, right, discuss offensive strategy with quarterback Matt Scardino in a recent high school game. The Rocks are off to a disappointing 0-5 start with the annual homecoming contest set Friday at 7:30 p.m. against St. Paul of Mobile, Ala. "We hope to score first and make them play our game instead of us having to try to catch up," Powell stated. "I'd like to thank all the fans who came out and supported us last week and all year. It really means a lot to the boys," Powell added. The homecoming court will be presented before the start of the game. (Echo photo by Randy Ponder)

**TAKING IT TO 'EM**—Bay High School running back Harold Gillum plows through a line of Vancleave defenders during the fourth Bay High outing of this season. The play typifies the type of game plan which has yielded success for the Tigers all year long. Friday's homecoming game against Long Beach in

Tiger Stadium at 7:30 p.m. should testify to more of the same strategy as Bay High attempts to match their powerful running game against a tough Bearcat passing attack. (Staff photo by Brent Macey)

## Air game vs. ground attack expected at Tiger, Bearcat match

The Bay High Tigers will face a tough Long Beach team at the Tigers' homecoming game this Friday in contest which is expected to match a

strong air game against a solid ground attack.

Tiger Head Coach Snuffy Smith noted the Long Beach eleven are a well balanced

team which can either pass or run the ball.

He expects the Bearcats to rely heavily on their passing game, and is therefore counting on a tough Tiger defense to knock that game out.

"We're going to have to put pressure on the quarterback, Smith said. "He can't throw if he's on his back."

The Tigers on the other hand will be taking the game to them' and relying on a running game which has earned Bay High a 4-1 Deep South Conference record and overall season record.

Smith noted the Tigers will be working to become more consistent during the non-conference game against the Bearcats.

"If you've noticed, we've made it hard on ourselves to win a game," he said.

"We need to become more consistent if we're going to win the conference. It's tight now (the conference) and the team who wins it is going to be the one who is the most consistent."

In terms of health the Tigers are still in good shape with no sidelining injuries reported at the mid-season mark.

The Tigers are also keyed up for the game since it will be their homecoming.

In addition, the Bay grid squad may be looking to upset Long Beach in a grudge match, since records indicate the Bearcats have beaten the Tigers every year since 1971.

## Pass Pirates hope to dampen East Central

By WAYNE DUCOMB JR.

The Pass Christian High School Pirates would just love to beat the East Central High School Hornets Friday night and dampen the school's homecoming festivities in Wade, Pirate Head Coach Bob Lumpkin said Wednesday.

Although the Pirates have a 0-5 season so far this year, Lumpkin feels changes he has made this week in the Pass High offensive line will improve the aggressiveness and winning ability of the team.

"We're a lot smaller in size now on the offensive line, but the squad is more

aggressive," he stated.

"I feel we have a chance to beat East Central and I think we will. It will be East Central's homecoming and we'd love to beat them," Lumpkin said.

The Pirate mentor reported the Hornets have a good team that plays a hard-hitting

defensive football game. East Central is 2-2 this season.

He noted the Hancock North Central High School Hawks were defeated by East Central in double overtime Friday night.

Lumpkin reported the Hornets run a sweep, lead op-

tion and the veer out of an I formation very effectively.

"That's the three things we're going to have to stop," he stated.

The head coach noted he is working to improve the Pirates' inconsistent defensive game.

Lumpkin said Pass Runningback Pat McDonald who was taken from the Pirates' home game last week by Mobile Medic to Gulfport Memorial Hospital suffered bruised ribs, but will play Friday night.

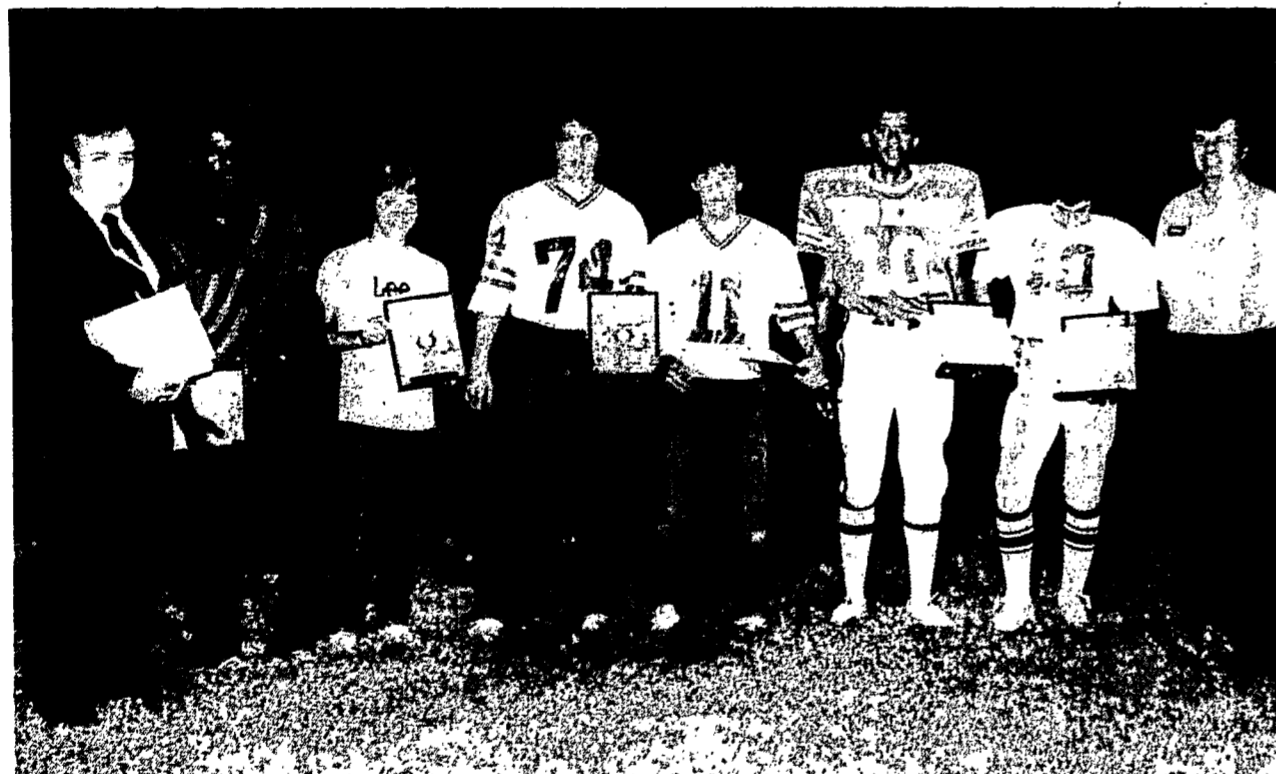

The head coach also noted Pass Quarterback Jamie Jenkins again suffered bruised ribs in the game against Stone County High School and has taken a beating all season, but he will also play Friday.

In addition, the head coach noted several Pirates suffered sprained ankles in the Stone game, but the entire team is ready for action Friday.

Lumpkin said because of East Central homecoming activities the game will begin at 8 p.m.

### DIRECTIONS

Those attending the East Central game should take I-10 east to the Hwy. 63 exit in Pascagoula, turn north on the highway to Wade, turn right (east) along a road which leads to Hurley and Hornet Stadium will be on the left side of the road.

**BASEBALL AWARDS AT FOOTBALL GAME**—The Bay St. Louis Babe Ruth Baseball League's 'hit, run, and throw' winners for the 1982 contest were awarded citations during half time of the Bay High vs. St. Stanislaus Junior High football game last week. Those receiving awards were 2nd from left, Brian Laneaux, 13-year-old runnerup; Randy Carver, 14-year-old runnerup; Jerry Head, 15-year-old winner; Darrin Smith,

15-year-old runnerup; Jeff Smith, 14-year-old winner; David Pitato, 13-year-old winner; with James Thriffley, at left, coordinator for the contest and George Proulx, president of the Bay St. Louis Babe Ruth League. The contest was held in July and the trophies, presented by Ellis Cuevas, publisher of The Sea Coast Echo, were donated by French's Mustard Company. (Staff photo by Ellis Cuevas).

# Volleyball Team posting winning season

The Bay High Volleyball team added another win to its record by beating Hancock North Central 7-15, 18-14, 15-7 at Hancock Tuesday.

Leading scorers for Bay High were Lisa Day and Terrie Rhodes with 11 points each. The Lady Tigers' record now stands at 5 and 2 with only

one regular season game left against OLV. Their wins this year have been against OLA, 15-17, 15-11, 15-7; Pascagoula, 15-13, 15-7;

Mercy Cross, 15-9, 15-7; St. Martin, 15-8, 13-15, 15-4; and Hancock. The two losses suffered were against unbeaten Biloxi

and Long Beach. "This is the first year the girls have had a winning season," Coach Powell said. The season is always short because we have only nine teams in the district. We do play a few of the teams over but it doesn't count on the district record," she continued.

"I hope my team can just keep up the good work they've been doing. When we play a few of these teams again, they're really gonna be after us," she noted.

Next week Bay High will play OLV away on Tuesday and Biloxi at home on Thursday at 4:30 p.m. both games.

**WINNING SEASON**—The Bay High Tiger Girls Volleyball Team has posted five wins against two losses so far this year with only one regular season game on its schedule. Team members include, seated from left, Theresa Ladner, Bridgette Maurigi, coach Barbara Powell, Mary Shippey, Donna

Palmsano, Theresa Thomas, Shelly Burch, Lisa Day and Robin Sones; and standing from left, manager Kristen Triche, Shella Dempsey, Lora Day, Mary Ladner, Stephanie Cuevas, Helene Lolacano, Janet Handshoe, Terrie Rhodes, Donna Moran, and Stacy Carter. (Photo by Jimmy Lolacano)

## Bay-Waveland Yacht Club

### Backwash

By Lea C. McIntosh

The Bay-Waveland Yacht Club sailing season was capped by a gala awards banquet at the club on Saturday, Sept. 18.

Victories were cheered, defeats analyzed, and season trophies presented in a series of witty speeches by Race Committee Chairman, Walter Chamberlain, Gulf Yachting Association Commodore Henry G. Chapman, and BWYC Commodore Edgar W. Santa Cruz Jr.

A highlight of the season was BWYC's victory in the 63rd Annual Lipton Regatta held Labor Day Weekend at Pensacola Yacht Club. Bubby Eagan, Corky Hadden, Randy Santa Cruz, and Dennis Stieffel skipped in the series, ably assisted by crews Buzzy Heausler, Chris Merrifield, Mac Hadden, Liz Merrifield, Rod Stieffel, Kerry Merrigan, and Janet Gordon. Chuck Breath served as team captain.

BWYC, as winner of the Lipton Cup, is considered the Gulf Yachting Association Champion for 1982, and becomes the host club for the 1983 Lipton Regatta.

Also notable this season was BWYC's 12th consecutive victory in the Annual Chapman Regatta, which was held in June at Gulfport Yacht Club.

Walter Chamberlain and Commodore Santa Cruz presented trophies to the winners of the six season-long class competitions and to the winners of two local regattas.

The Romac Trophy is awarded to the sailor who accumulates the most crew points in a season, and it went to Susie Christensen. Chris Merrifield was second in that category, and Judy Reeves was third.

The Ladies Class, a new category this year, sparked enthusiastic participation and close competition. Dootsie

Murphy emerged victorious and was awarded the first place trophy. Second place went to Lea McIntosh, and third to Chickie Marble.

The Breath Trophy, designating the best Junior skipper, went to Peter Merrifield. Page Murphy was second in Junior competition, and Missy Breath was third.

The Expert Class competed this year for the Pepperdine Trophy; Bishop Stieffel was the winner. Janet Gordon took second place honors, and Fred Gaudin was third.

The Lipton Class, composed of the club's best senior skipper, competes for the title of "Cock of the Walk." Judy McKinney won this coveted award and received the McDonald Trophy. Second place went to Randy Santa Cruz, and Ann Stieffel was third.

Basil Kennedy began to present trophies to the winners of the PHRF-Handicap Class, and stepped down on realizing that he'd won. This class sails for the Pensacola Cup, a perpetual trophy established last year. Lucien Gex was the first recipient; Kennedy's victory makes him the second to be awarded this Cup.

Anthony Trapani took second place in PHRF, and Gene Taylor was third. Taylor's trophy was accepted by his young daughter Sarah.

The Bay-Bourdon Trophy, given to the winner of the club's all-girl regatta, went to Judy McKinney. Ann Stieffel took second place, and Susan Worrell placed third.

The Boh Trophy was awarded to Dennis Stieffel as winner of the Lipton team Elimination Regatta held in August at Pass Christian Yacht Club. Bubby Eagan placed second in their competition, and Corky Hadden was third.

Three appreciation awards were also presented at the

banquet.

Van Tanner, flying Scot Chamberlain, presented a trophy to Judy McKinney for her work this season as coordinator of the sailing classes and assistant race committee chairman for scheduling.

Commodore Santa Cruz recognized Walter Chamberlain's excellence as Race Committee Chairman with a special award and a heartfelt "thank you" from the club.

Weezie Kennedy, as spokeswoman for the Ladies Class, presented a gift to Chamberlain in appreciation of his untiring efforts to get the Ladies "into the boats and away from the pier."

Chamberlain closed the awards presentation with a preview of the 1983 season, when BWYC will host five major regional and national regattas.

Following the banquet, a videotape of the recent Lipton Regatta was shown in the dining room, and new trophies were christened in the lounge.

**JUNIOR WINNERS**—Missy Breath, left, and Page Murphy were cited as third place and second place winners, respectively, in Junior Class at Bay-Waveland Yacht Club's recent annual Sailing Banquet at the club. (Photo by Don Chamberlain)

**MUSCLE SPASMS**

Violent, involuntary contractions of a muscle or group of muscles initiate the painful condition of muscle spasms. They can occur in almost any muscle of the body. Most frequently they occur in the back, neck, stomach or bladder. Even the involuntary twitching of the eye lids or facial muscles is associated with muscle spasms. The jingle or riddle of their cause has been solved. As it has been shown that the majority of all muscle spasms are caused by NERVE ROOT PRESSURE, even though there can be other aggravating factors, injections, muscle relaxants, and traction are measures which give temporary relief, but contribute little to the correction of the basic cause of NERVE PRESSURE. A Chiropractic examination will get at the truth of the matter and application of spinal adjustments, if necessary, will permit the correction of the majority of these conditions. Prompt attention in this matter usually brings prompt results.

## ETV Briefs

### WILLMAR

The first strike ever staged against a bank in Minnesota became a national story in 1977 and changed the lives of eight ordinary women who never set out to be heroes.

The story of their three-year struggle is told in "The Willmar 8," a one-hour documentary narrated and directed by actress Lee Grant. It can be seen at 10 p.m., Friday, Oct. 8, on the Mississippi ETV Network.

"We're not all equal; you know" were the words of the Citizens National Bank president that opened the battle.

"The Willmar 8" focuses on the eight women who picketed daily in Willmar, Minnesota, through two brutal winters, protesting their low wages and dead-end jobs.

Most had been receiving \$400 and \$500 per month as

## SCREENING ROOM ONLY

By David H. Jones

I like the texture of NBC on Thursday nights.

Tipped off by Times-Picayune television columnist Bob Wisehart, I took a look at Thursday night programming on NBC. What I found was a refreshing potpourri of television that delivers as many laughs as it does through-provoking themes and action.

The weakest link in an otherwise solid chain of commercial networking is the initial program, 'Fame.' Lifted from the popular movie, 'Fame' is fairly predictable and fails to capture the intensity and passion contained in the 1979 Alan Parker film.

Parker's images were startling and correct; and the storyline never veered far from pressures and personalities. Television's 'Fame' deals with the same subjects, although in a more adolescent tone.

'Fame' is followed by a fun, fast-paced new comedy show named 'Cheers.' Starring Ted Danson - the nimble, intelligent DA in 'Body Heat' - as Sam, an ex-major league hurler turned Bostonian barkeep, 'Cheers' opens ex-quisitely.

A boy strolled up to the bar, threw his fist down hard and demanded a beer. Sam asked for "some ID." The kid produced an obviously phony driver's license that stated he was born in 1945, making him 35 years old. Sam said if this driver's license were true, then the kid must've served in Vietnam.

"How was it?" Sam asked.

"Gross," said the kid. "Yes," shot back Sam knowingly, "Just like they say...war is gross. Now get out of here."

The show co-stars Shelly Long, whom you may have seen in Ron Howard's 'Night Shift' earlier this summer.

'Cheers' shows promise and looks to be one of the more adult sitcoms to be produced in years, following the lead of such giants as 'All in the Family,' 'M\*A\*S\*H' and 'The Mary Tyler Moore Show.'

'Cheers' is followed by the ABC transplant 'Taxi.' In its first run on NBC, placed smartly in its familiar position of Thursday at 8:30 p.m., 'Taxi' continues to spin out off-the-wall, thoughtful humor. Louie continues to disgust, while Latka, played by Andy Kaufman, seems quieter thanks to his wife, newcomer to the show, Carol Kane.

The premier held many surprises with Marcia Wallace, Carol on 'The Bob Newhart Show,' showing up to parody herself for laughs for Christopher Lloyd. And Wallace Shawn, so captivated as himself in Louis Malle's recent work of art 'My Dinner With Andre,' bending Marilu Henner's ear with aching humor.

The move down the street seems to have infused a special kind of meaning into the spirit of quality shows. They can exist anywhere. In its leap from network to network, 'Taxi' shows no signs of needing a major overhaul. Finally, NBC tops the even-

ing with the impeccable 'Hill Street Blues,' now beginning its third season. Among the diverse array of topics addressed in the first episode, 'Hill Street' touched on the senseless murders of a Catholic sister and a small shop owner, the mental anguish of twisted laws and mentalities clashing violently. Every so often 'Hill Street' allows you to catch your breath, usually with Howard cornering Furillo in the restroom and bantering idly about legal vigilantism and ending his tirade with the idyllic phrase, "One man's opinion, without tears."

To which Furillo replies, "Thanks for the input, Howard."

NBC is solid on Thursday nights and with any luck people will discover this oasis of drama/comedy.

### OLDEST BONES

The story of the discovery of "Lucy," the oldest and most complete human skeleton, can be seen on "Lucy in Disguise" at 5 p.m., Saturday, Oct. 9, on the Mississippi ETV Network. She was disguised by millions of years of fossilization, changed to stone, broken, then exposed to the hot Afar sun. In 1974 she was found in Ethiopia by Dr. Donald Johanson and a team of scientists working with the International Afar Research Expedition.

Lucy, so nicknamed because the Beatles' song "Lucy in the Sky with Diamonds" was playing at the time of the find, was determined to be a 3.5-million-year-old, three-and-a-half-foot-tall adult female, who weighed about 55 pounds and walked upright. In 1975 in nearby Hadar, Ethiopia, the remains of at least 13 individuals, representing both sexes and all ages, were also found.

"Lucy in Disguise" intertwines documentary footage and artistic reconstructions of Lucy as she may have been nearly 3.5 million years ago, and scientists Tim White, Donald Johanson and Clark Howell discuss how their own thoughts on human phylogeny have evolved since the first Afar hominids were discovered.

### ETV Briefs

#### POLAR BEARS

One of the most popular National Geographic Specials ever telecast on public television, "Polar Bear Alert," will be rebroadcast at noon, Sunday, Oct. 10, on the Mississippi ETV Network.

Each fall a town on the west coast of Hudson Bay in arctic Canada plays host to migrating polar bears. How the citizens of Churchill, Manitoba, cope with—and protect—these massive, extremely dangerous animals is the subject of the special.

Although the polar bears may look soft and cuddly, a male cub will grow into an adult that may stand 10 feet tall and weigh 1,200 pounds. He may eat 50 pounds of meat at a time, run some 30 miles an hour and can crush a man's skull with one blow of his massive paw.

#### NEW SERIES

Three new series premiere on the Mississippi ETV Network on Sunday, Oct. 10.

Sid Caesar and Irving Stone are the guests on the first program in the new "World of Books" series at 3 p.m. During the series, popular authors, along with celebrities and other nationally known figures, will visit the program to talk about their recently released works. Caesar will talk about his autobiography "Where Have I Been?" and Stone will discuss his experience as a writer as well as his biography of Charles Darwin, "The Origin." Alternating hosts for the series are Bill Stout, Joanna Barnes and Susan Strasberg.

At 7 a new series called "Nature" premieres with the first of three programs on the wildlife of the Andes followed by other programs about Earth's "great environmental mysteries." Produced by the BBC's world-famous Natural

History Unit, the series is hosted by paleoanthropologist and author Dr. Donald Johanson.

"Masterpiece Theatre" begins a new season at 9 with the first installment of a dramatization of R.F. Delderfield's "To Serve Them All My Days." The story involves David Powlett-Jones (played by John Duttine), a young Welsh soldier who, suffering from shell shock, leaves the English army and begins a new life as a teacher in a boys' school.

## WHAT ABOUT THE RIGHTS OF VICTIMS?

When a thief breaks into your home and robs you or destroys your property, you suffer a real loss.

When he's caught and convicted, the criminal may be sent to jail to pay his debt to society. But what about his debt to you?

Who pays to fix your house? Who pays to replace your valuables?

It just doesn't seem fair that you or your insurance company should have to pay. Especially when the guilty person has already been caught and convicted.

### Make The Criminals Pay.

Why not make the convicted criminal pay for the damage he did?

You can. That's what victim restitution is all about. It's a law recently passed by the Mississippi Legislature.

But long before it became part of the law, James Thomas was working to make victim restitution a vital part of our criminal justice system.

### They'll Think Twice Before They Act.

"Equal protection under the law is the foundation of our democracy. But sometimes it seems like criminals are more equal than their victims."

"I feel that a criminal should have to pay for any damage he's caused his victims. As Assistant District Attorney, I've routinely recommended that restitution be made a part of the sentencing of criminals."

"As Judge, I'll administer justice fairly, firmly and impartially. So criminals will think twice before they act."

### He Has The Experience We Need.

James Thomas has spent his career in the judicial system of

Harrison, Hancock and Stone Counties.

He grew up in South Mississippi, the son of Christine Thomas and the late L. E. "Tommy" Thomas of Gulfport.

After graduating from U.S.M., he earned a law degree from Ole Miss and went to work as a lawyer in private practice.

Now he lives in Biloxi with his wife Sue, a Biloxi schoolteacher, and their 3-year-old daughter Tiffany.

### He's In Touch With The People.

As Assistant District Attorney, he's worked for all the people in Harrison, Hancock and Stone Counties for nearly a decade.

He's prosecuted hundreds of cases in the very courtroom he'll preside over as judge.

He knows the law. He knows how our Circuit Court works. And he's in touch with the people he serves.

On November 2nd, let's elect James Thomas, Circuit Court Judge.

THE LESSON—Flemming Filndt portrays the ballet teacher, and Anne Marie Vessel his pupil in Eugene Ionesco's 'The Lesson.' Choreographed by Flemming Filndt, the play is about a teacher who kills his student because of her disappointing performance during the lesson. TRUSTEE'S NOTICE  
OF SALE

WHEREAS, on February 27, 1981, Jerry M. Spier and wife, Joanne Spier, executed a certain Deed of Trust to Alton Richard Brown, as Trustee for the benefit of Landmark Finance Corporation, a Mississippi corporation, which Deed of Trust is of record in the office of the Chancery Clerk of Hancock County, Mississippi, in the records of Mortgages and Deeds of Trust on Book 233 commencing at Page 293; and WHEREAS default having been made in the terms and conditions of said Deed of Trust and the entire outstanding debt secured thereby having been declared to be due and payable in accordance with the terms and conditions of said Deed of Trust and for the purpose of raising the sums due thereunder, together with Attorney's fees, Trustee's fees, and the expenses of the sale,

THEREFORE, I, Richard B. Brown, Jr., being the same person as Attorney Richard Brown mentioned above, will on the 15th day of October, 1982, offer for sale at public outcry and sell without legal hours, being between the hours of 11:00 A.M. and 4:00 P.M., at the main front door of the County Courthouse of Hancock County, Mississippi, at Bay St. Louis, Mississippi, to the highest bidder for cash, the following described property:

The NE 1/4 of SW 1/4 of Section 25, Township 5 South, Range 13 West, Hancock County, Mississippi containing 19.38 acres, more or less.

Also known as Route 2, Box 154, Perkinston, Mississippi 39272.

Title to said property is believed to be good, but I will convey only such title as is vested in me as Trustee under said Deed of Trust, and the sale will be made subject to any prior Deeds of Trust and liens of record.

WITNESS MY SIGNATURE, this 5th day of October, 1982.

LEGAL NOTICE  
UNDER REGULATION 18  
Alcoholic Beverage  
Control Division  
State of Mississippi

Notice is hereby given pursuant to Regulation 18 of the Alcoholic Beverage Control Division of the State of Mississippi, Jackson, Mississippi, that an application for classification as a "resort area" is being filed for an area located in the Kilm Community of Hancock County, Mississippi, more particularly described as follows, to-wit:

Lot 428 and 429, SILVER CREEK ACRES, Hancock County, Mississippi.

As required by said Regulation 18 the content of the application includes: (1) A map of the above described area clearly marked to indicate the specific area under consideration; (2) Reasons why the particular area is being classified as a Resort Area, to include the fact that Kilm Community of Hancock County, Mississippi is an area that attract tourists and vacationers because of its historical and scenic attractions and facilities and that the area designated herein serves the tourist and vacationers to a very high degree; (3) Assurance from the Hancock County Sheriff that the Sheriff's Department will enforce the Local Option Alcoholic Beverage Law of the State of Mississippi and rules and regulations of the Alcoholic Beverage Control Commission in such area; and (4) A certificate of the Order as entered on the Minutes of the Board of Supervisors of Hancock County regarding said resort area classification.

Request is hereby made pursuant to said regulation for an expression of public opinion from residents in the above described area under consideration, and notice is hereby given that approval as a resort area classification will permit operation of the area by licensed individuals or corporations approved in accordance with the laws of the State of Mississippi, and that decision on the application rest with the Board of Supervisors of Hancock County, Mississippi, but with the State of Mississippi, pursuant to the laws of the State of Mississippi.

This, the 4th day of October, 1982.

TRUSTEE'S NOTICE  
OF SALE

WHEREAS, on the 11th day of January, 1982, David Shaw and wife, Marie Shaw, executed a Deed of Trust to Eddy Parsons, Trustee, for the benefit of the Bank of Wiggins of Wiggins, Mississippi, which said Deed of Trust is of record in the Office of the Chancery Clerk of Hancock County, Mississippi, in the records of Mortgages and Deeds of Trust on Book 240 at Pages 46-49 of the Records of Mortgages and Deeds of Trust on Lands of said County; and WHEREAS default has been made and now exists in the payment of the indebtedness secured by the said Deed of Trust; and

WHEREAS, the Bank of Wiggins, as owner and holder of said Deed of Trust and the indebtedness secured thereby has exercised the option provided in said Deed of Trust and declared the entire indebtedness secured thereby immediately due and payable, and has called upon the undersigned Trustee to execute the trust therein contained, and requested that the undersigned Trustee sell said property under the provisions of the Deed of Trust for the purpose of satisfying the debt thereby secured and unpaid, together with attorney's fees and the expenses of said sale;

NOW, THEREFORE, I, Eddy Parsons, the undersigned Trustee, Eddy Parsons, do hereby give notice that I will, on the 18th day of October, 1982, during legal hours, I will proceed to sell at public auction, at public outcry, to the highest and best bidder for cash at the East front door of the Hancock County Courthouse in Bay St. Louis, Mississippi, the following described land and improvements located thereon situated in Hancock County, Mississippi, and more particularly described as follows, to-wit:

A parcel of land located in the NW 1/4 of the NW 1/4 of Section 22, Township 5 South, Range 14 West, Hancock County, Mississippi, being described as follows:

Beginning at the intersection of the line between Sections 15 and 22, running South 60° 53' West 86.7 feet; thence South 02° 21' East to the South line of the NE 1/4 of the NW 1/4 of Section 22, thence East 284 feet to the Southeast corner of said NE 1/4 of NW 1/4; thence North 1,227 feet to the place of beginning. The land conveyed contains 14.4 acres, more or less.

The undersigned Trustee will convey only such title as is vested in him as Trustee.

WITNESS MY SIGNATURE, on this, the 10th day of September, 1982.

REEL students try hand at archaeological field work

Museum's Mrs. Moran outlines procedure for student archaeological dig

Waveland Elementary School kicked off its second year of the "Reaching Educational Excellence in Learning" (REEL) Program for gifted and talented students with a recent Saturday of activities at the New Orleans Museum of Art.

The students, members of their families, and friends met at the museum to tour the "Search For Alexander" exhibit in connection with their studies of the art, culture and history of Alexander's era.

Before the tour the group was met by Dimitri Tsikouris, Greek consulate who talked with them about Alexander and his country of Greece.

Also, the students participated in a "Student Dig." This was a simulated archaeological excavation wherein they actually excavated and studied replicas of several of the artifacts in the exhibit. During this dig the students were photographed for the next issue of "The Arts Quarterly."

Representing the Bay St. Louis Municipal Separate School District were Ms. Patrice Box-Pope, REEL instructor; Dr. Brenda Scafidi, special education supervisor; and James Baldree, Waveland Elementary School principal.

This year's gifted and talented student group includes:

### SECOND GRADE

Jimmy Baldree, Brenan Compretta, Angel Farve, Germaine Lymuel, John Edward Moran, Mark Sherwin and Miranda Smith.

### THIRD GRADE

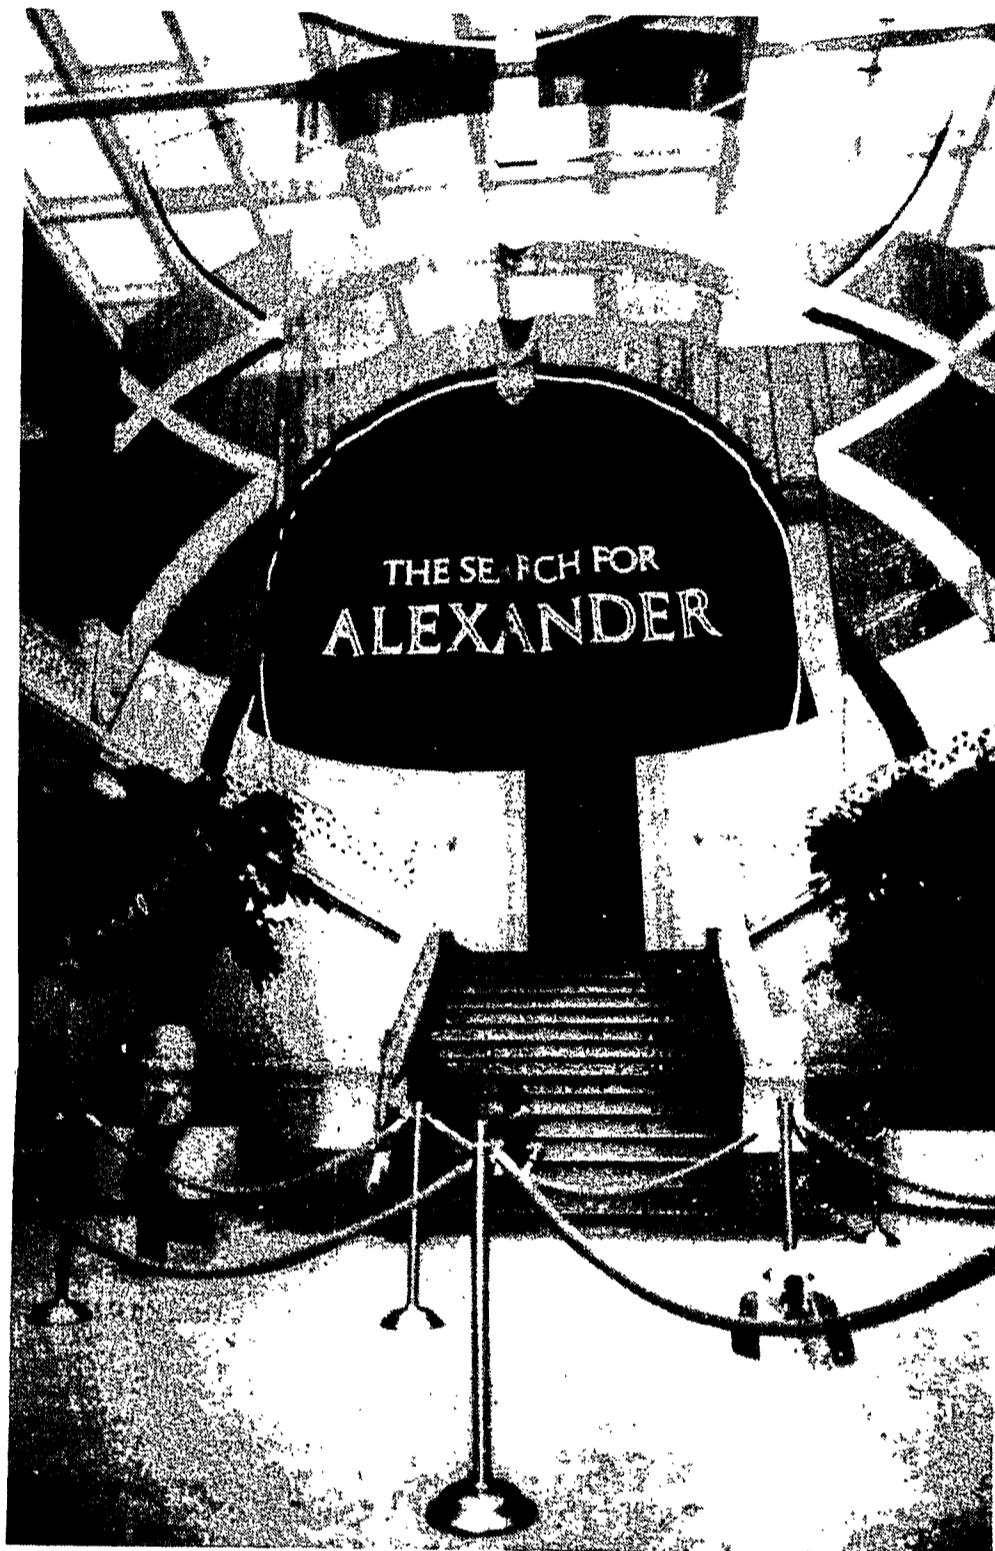

Philip Allison, David Carver, Jonathan Compretta, Sam Trent Favre, Preston Gegenheimer, Callie Hall, Susan A. Moran, Rusty Novaise, Duncan Schaefer and Mahara Strom.

### FOURTH GRADE

Thomas Brink, Jeanelle Bufkin, Jonathan Culley, Bret Foreman and Kelly Oliver.

### FIFTH GRADE

Chenay Bourgeois, Katherine Cuevas, David Culley, P.J. Mauffray, Gregory Ratcliff, Theresa Robinson and Chris Towles.

## COAST EPIS HIGH SCH

CEHS Scholarship-Brian Robin Overstreet of Ocean Springs has been awarded a \$500 scholarship to Coast High School. He is the son of Mr. and Mrs. Robin M. Overstreet. The scholarship was founded by the "Martha Chapter" of Trinity Episcopal Church in Pass Christian. Presenting the check are Mrs. John C. Ellis, president of the "Martha Chapter" and Peter Psikogios, principal of the High School. This is the first year that this scholarship has been awarded, but it will be an evolving scholarship given each year to a seventh through tenth grade child. Applications were reviewed and selection was made on the most qualified and deserving honor student with an outstanding scholastic record and character. (Photo by Eddie Betcher)

## Former Yankee pitcher believes alcoholism is leading teen killer

By BARBARA DAVIS  
USM Public Relations  
I marched through hell on earth and took a lot of people with me for lack of information about alcohol as a drug," said Ryne Duren, former New York Yankee's ace relief pitcher and alcoholic.

Duren related the personal tragedies that resulted from alcoholism to the audience at the University of Southern Mississippi's Honors Forum Tuesday night.

From 1958 to 1961 Duren was throwing fastballs clocked at 100 miles per hour or faster. He has been compared to Sandy Koufax, the famous left-handed pitcher for the Los Angeles Dodgers. But Sandy wasn't an alcoholic—Duren was. "It's a shame I didn't get more out of my talent," he said.

Duren was hospitalized seven times during his baseball career, but continued to drink. In 1965, three years after his retirement from baseball, Duren entered a rehabilitation program at

DePaul Hospital in Milwaukee, Wis., and stayed there two years. He then went back to college and became a counselor to delinquent boys. Since that time Duren has worked with groups in private industries, in rehabilitation programs and, of course, alcoholics in the field of sports.

"I am not anti-drinking. I am here advocating education," he told the crowd. "A lot of what I do today is fun. But preventive medicine is a hard sell. If there is anything the country is misled about, it's alcoholism."

Duren said he did not become an alcoholic because of the pressures in his career or his problems in his private life. He started to become an alcoholic when he was three years old. Duren believes that children do not pattern themselves after the adults in their lives, but after the heroes of the adults.

In his case, his father's hero was an Army buddy, a man named Big George, a 6-foot,

3-inch lumberjack who protected the rest of the troop from harm and could drink all of them under the table.

AT 17 years old, Duren was 6'-2" and weighed 180 pounds. "I was a good working kid...and a good student. But that little kid had already made himself a promise—"to drink the way Big George drank."

He recalled drinking most of a fifth of muscadine wine as an adolescent and getting violently ill.

"If it had been anything else, I would have stayed away from it...but I was already programmed," he said.

During his high school years Duren drank for courage when he had to accomplish common tasks such as asking his first girl for a date, asking his dad for the car and playing opposite a "plain Jane" in the school play.

"At the end of high school I really believe I was chemically dependent."

After graduating from high school, attending college and

## State Lung Association sponsoring essay contest on 'Smoking And Health'

"Smoking and Health" is the subject of a sixth annual statewide essay contest sponsored by the Mississippi Lung Association, according to Dr. Roland B. Robertson Jr. of Jackson, president of the Christmas Seal voluntary health organization.

Announcements outlining rules and regulations have

been sent to Mississippi junior and senior high schools.

Any regularly enrolled eighth or tenth grade student is eligible to participate.

Eighth and tenth grade teachers are asked to select two essays in local classrooms as preliminary winners and submit them to the Mississippi Lung Association for statewide judging.

Deadline for entry is Nov. 11.

All entries will be judged on content, accuracy of statements, originality and effectiveness. Winners will be announced in December.

Twelve prizes will be awarded. First, second and third place winners will be chosen in categories eighth grade girls, eighth grade boys, tenth grade girls and tenth grade boys.

Additionally, all four first place winners will be invited to come to Jackson in mid-December to tape a television program "Access," with Jack Schweitzer as host.

The TV program will be aired in January, 1983 on the Mississippi Educational Television Network during National Education Week on Smoking.

The Mississippi Lung Association will furnish resource material, free of charge, upon request.

For further information or to request material, contact the Mississippi Lung Association, P. O. Box 9865, Jackson, Ms 39206 or telephone 362-5453. Peski added.

## Van Peski paintings reflect tranquility

By JOE PILET  
Coordinator

Friends of the Library  
As a salute to Autumn three recent oil paintings by artist Jean Van Peski of Bay St. Louis are on display in the entrance foyer of City-County Public Library where they will remain through October.

Titles of the paintings are Mystic Evening, Flight of The Wood Ducks, and Backwater at Sunset.

Mrs. Van Peski, wife of Robert Van Peski, resides on Chantilly Terrace.

A graduate of St. Joseph's Academy, she became interested in art some years ago and took an art aptitude test, the results of which gave her incentive to develop her talent.

She is self-taught and feels that creative art should express the mood and impressions of the artist.

"I learned a good bit through a correspondence course that I took which was developed by Famous Artists of Connecticut," Mrs. Van Peski added.

## Perk Comedy Show

The Krew of Comedy theatre group from Gulf Coast Junior College's Perkinston Campus, will soon begin touring high schools, announced Kathryn Lewis.

Lewis, speech and drama instructor at Perkinston, said the show "is packed with comedy for all ages - Dick Per Simmons' will lead an exercise class and 'Howard-Doe-Snell' will present the latest in sports." She said the 30-minute show can be performed almost anywhere.

High schools interested in booking the show should call Lewis at 928-6211, extension 283 or 298, or write P. O. Box 82, Perkinston, Miss. 39573.

# Governor's education forum set in Pascagoula Oct. 19

A forum addressing education and economic development in Mississippi will be held in Pascagoula at the Mississippi Gulf Coast Junior College, Jackson County Campus on Tuesday, Oct. 19, at 7 p.m.

The Coast forum, sponsored by the governor's office and concerned citizens, is one of nine meetings scheduled across the state during September and October.

"Mississippi is in last place in per capita income because

we have too many underproductive, unskilled and undereducated people," said Governor William Winter, who will attend each forum.

"We, therefore, cannot expect to progress economically until we progress educationally." "The forums will give the citizens of Mississippi an opportunity to be heard on the direction education and economic development should take in our state," he said. "I plan to make a maximum effort to pass legislation on these crucial issues and hope everyone will join me in this cause by attending the forums."

Winter said the Pascagoula forum will not be designed to promote any one issue, but rather to address every aspect concerning public education

and to allow for citizen input on that subject.

Topics to be discussed at the forum include educational finance, curriculum improvement, public kindergartens, compulsory school attendance, administrative efficiency, lay board of education proposals and teacher standards and pay.

Additional forums are slated for Oct. 5 in McComb at Denman Junior High School, and on Oct. 12 in Meridian at Meridian High School.

Persons desiring additional information, including car pooling arrangements to Pascagoula, concerning education and the forum should contact Geraldine Lang, forum coordinator for Hancock County, at 467-9586.

## Education Fact Sheet

Mississippi has some of the best business incentives in the country.

Mississippi's climate and natural resources are very conducive to economic development.

Computer systems analysts are expected to increase nationally by 12.3 percent by 1990 but only by 2.4 percent in Mississippi.

Architects are expected to increase nationally by 5 percent by 1990 while the expected increase in Mississippi is only 1.9 percent.

Better paying jobs require better educated and better trained workers.

The key factor which limits economic development in Mississippi is the educational level of its people.

Both capital and natural resources are prerequisite to economic development.

A wise business practice is to make investments which insure future dividends.

Investments in education now will produce future economic dividends.

Under-educated people are less likely to be employed. Unemployed people usually do not pay taxes.

Under-educated people make limited contributions to the economy.

Mississippi has the lowest per capita income in the nation. Mississippi has next to the highest illiteracy rate in the nation.

Approximately 50 percent of the inmates at Parchman are functional illiterates.

In 34 of 82 counties in Mississippi, federal transfer payments are the largest source of income.

The average teacher salary in 1980-81 was \$13,017. The beginning salary from the state minimum foundation program was \$10,475.

Federal guidelines designate non-farm families of four with incomes of \$9,300 or less as poverty families.

Approximately 33 percent of 260,000 children in Mississippi live below the federal poverty level.

Mississippi has the highest dropout rate of any Southern State. For every 100 young people who finish high school, 59 do not.

Mississippi is the only state without an enforceable attendance law.

Over 15 percent of all first graders have to repeat the first grade.

Mississippi's cost of reeducating retained first graders was \$11 million in 1979-80.

Mississippi ranks 47th in expenditures per student in public schools and is the only state providing no state funds to support kindergartens.

There is substantial return on money invested in preschool programs due to higher earnings after school, money saved in special education and money saved in grade repetition yet over half of the five-year-olds in Mississippi do not attend a preschool program of any kind.

Preschool education has been shown to reduce the number of children assigned to special education classes by an average of 14 percent. This would have meant a cost savings to Mississippi in 1979-80 of \$12 million in special education costs.

90 percent of the school-age children in Mississippi attend public schools.

A recent study conducted by Mississippi State University showed that Mississippians are concerned about the high unemployment rate and the need to improve the state's educational system.

## Episcopal Schools plan Bishop Gray celebration

"Bishop Duncan M. Gray Day" will be celebrated Friday, Oct. 15 at the Coast Episcopal Schools.

Gray, of Jackson and Episcopal bishop of Mississippi, will first visit Christ Episcopal Day School at Bay St. Louis and then the Coast Episcopal High School at Pass Christian.

A highlight of the bishop's visit will be a ribbon-cutting at the high school multi-purpose gymnasium which will launch Coast-wide efforts on the part of the schools' supporters to complete construction of the building.

Framing, foundation and roofing of the structure are in place.

Father Jackson Biggers, dean of the Coast Episcopal Deanery, will officiate at the event.

Also participating will be Headmaster Peter Psikogios; George Underwood, chairman; and Paul Montjoy, co-chairman of the Gymnasium Building Committee; Dr. Richard Furr, chairman of the school board; and Father Charles Johnson, founder of the school.

Episcopal rectors in Ocean Springs, Biloxi, Gulfport, Long Beach, Pass Christian and Bay St. Louis will receive special invitations to take part

in the ribbon cutting, and to attend a coffee that will follow the event.

Mrs. Jeanine Lamb, chairman of "Bishop Duncan M. Gray Day," said the Bishop would tour both the Bay St. Louis and Pass Christian schools to meet the faculty and visit classrooms.

## From the Mississippi Energy Extension Center

# Energy Answers

Q. My Mom makes my dog stay in the car when he's riding with us and we go into a store. Sometimes it's real hot in the car when we get back. How does it get that hot, and will it hurt my dog?

A. No living thing should be left in a closed-up car during the heat of the summer. Pets and children left like this have died from overheating.

The worst situation is when someone closes a child or a pet into a car and shuts the windows tight.

Parked in the direct sun when the temperature gets to 100 degrees or better outside, temperatures inside the car can get as high as 160 degrees — 190, if both the car and the upholstery are black.

The reason it gets so hot is that the closed car acts like a solar collector. The metal, the fabric, and all the other materials in the car absorb heat from the sun (the darker the colors in your car, the more heat is absorbed).

The heat stays inside the car and builds up to very uncomfortable temperatures when the car is shut tightly and there's no air circulation.

Leaving windows down a crack and parking in the shade will help to prevent some of the heat buildup, but children and animals should not be left in cars in the summertime under any circumstances.

Unless your dog has to go with you, he'd be better off if you left him at home. If you're going on a long trip or moving (and you won't be using air-conditioning in your car) you can make him more comfortable by putting down a wet towel for him to lie on, covering him with a second wet towel, and giving him plenty of water to drink but no heavy food.

Q. How do I talk the board of trustees of our local hospital into adopting some sort of energy management program? I'm only a volunteer at the hospital, but I see some energy being wasted and I know of better ways for the board to spend hospital income.

A. Hospitals use more energy per square foot of heated space than any other business. With future energy shortages possible and reliance on technologically sophisticated equipment increasing, hospital energy management is going to become very important.

The members of your hospital's board of trustees are no doubt already aware of the increasing energy costs. Maybe they just haven't taken the time to study the problem.

Your auxiliary might be able to help by getting together with hospital administrators to recommend the board's consideration of the energy question.

Administrators will have information on how much energy is used, how much it costs, and how present figures compare with past ones. They

may also have information about how much energy is used by each of the hospital's departments and services.

Several Mississippi hospitals have gotten matching money from the Department of Energy's Institutional Grants program to perform energy surveys of their facilities and begin making changes toward more efficient operation.

Funds for those grants have been curtailed under the Reagan Administration, but information from hospitals which have participated would be available.

The cheapest, fastest way to get that information would be to call the state's toll-free Energy Answerline, 1-800-222-8311 and ask for information on energy management for hospitals.

Q. What can I do (besides the obvious insulating, caulking, etc.) to cut down on energy costs in my coffee shop?

A. Restaurants and related businesses use high amounts of energy for their square footage. The Mississippi Restaurant Association has presented workshops in restaurant energy management all over the state and has materials describing energy conservation techniques for people like you.

Lighting, water heating, and space heating and cooling take the biggest chunks of the energy budget. Another process where money can be saved is food preparation. A West Coast study done at a 24-hour coffee shop revealed that a substantial annual savings would be possible with reductions in the "idling" time of cooking equipment.

The study found that appliances like hot-top ranges, range ovens, open burners, underfired broilers, griddles, and electric counter fryers

were being left on — running at full or near full capacity — even during the shop's slow hours. The continuous operation of the appliances was estimated to cost thousands of dollars that could have been re-invested in the business or kept for profit.

For more information on conservation for food service related businesses, contact the Mississippi Restaurant Association, 4506 Office Park Drive, P. O. Box 16395, Jackson, MS 39206.

Q. Isn't there some federal activity aimed at making loan money available for small hydroelectric and wind projects? What's the status of this, please?

A. Final rules have been issued for the U.S. Department of Energy's proposed loan program for buying and installing windmills and small hydroelectric facilities. But the program can't be implemented unless Congress decides to fund it and DOE actually opposes the program on grounds that it's an "unnecessary subsidy."

DOE says tax credits and market demand should promote private industry investment interest and should preclude the need of direct government loans.

If the loans were funded and approved, DOE would announce that it was looking for competitive proposals, gather up the applications, and choose which projects would be funded with the available money, a government source said. The loan would be managed like a traditional bank loan.

For more information, or to get an answer to your energy question, contact the toll-free Energy Answerline, 1-800-222-8311, the Mississippi

Energy Extension Center, (601) 325-3152, or questions may be mailed to the Energy Center, P. O. Box 5405, Mississippi State, MS 39762.

## Newcomer parents feted by schools

The first annual "Newcomer's Luncheon" for Coast Episcopal Schools' parents and friends was held recently at the Pass Christian Yacht Club.

Parents were welcomed by Mrs. Skip Matheson, PTO president. Other officers introduced were Mrs. Dick Mestayer III, vice-president; Mrs. Sam

Morse, secretary; and Mrs. Tut Kinney, treasurer. The group was informed of upcoming fund raising events. The first will be a charity ball for the school to be held Nov. 6

at the Diamondhead Country Club.

Fresh Christmas greenery sale, the Annual Christmas Boutique and Book Fair are among holiday events planned.

A Mexican theme was carried throughout the luncheon with Mrs. Steve Montagnet preparing taco salad.

Mrs. Fred Klein III, drama coach of the Coast Players, reported presentation of "videoscenes," put on by the Sheffield Ensemble Theatre Friday, Sept. 25. Members of the drama club served the luncheon dressed in full Mexican attire.

The Coast Players did their own impromptu style show towards the end of the luncheon narrated by their coach Mrs. Klein.

Fashions from the Princess Shop of Bay St. Louis were presented. Mrs. Jane Ann Fahey narrated the stunning collection of sportswear and holiday apparel. Models were mothers, teachers, and students of the school.

## Nominations open for PRC alum honor

Selection of Pearl River College's Alumnus of the Year will be made Tuesday, Oct. 12, according to Enoch Seal Jr., PRC's academic dean and secretary of the college's alumni association.

Seal said the PRC alumni board, consisting of two representatives from each of the six counties supporting Pearl River College, will meet at 6:30 p.m. in the Conference Room of the Administration Building to consider resumes of the different nominees.

Nominations for PRC's Alumnus of the year will be received by Seal until Monday afternoon, Oct. 11. Announcement of the 1982 Alumnus of the Year recipient will be made Saturday night, Oct. 23 at the annual Pearl River College Alumni Banquet.

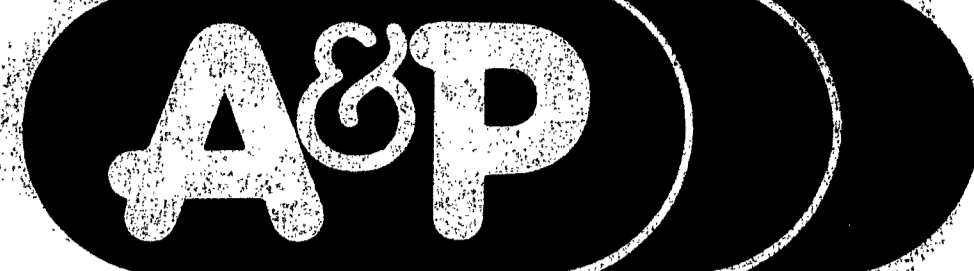

Seal said the Pearl River Banquet College Alumni Association by laws specify that the PRC Alumnus of the Year award will be the highest honor presented by the Alumni Association.

The selection will be based on the individual's contribution to his community, church and school with emphasis placed on his or her support of Pearl River College.

Resumes should be sent to Enoch Seal Jr., Box 158, Station A, Poplarville, Ms. For more information call Seal at 795-4558.

### FALL SEEDING

With all the recent rains pastures are growing and there is plenty of green grass for cattle to graze. However, cattlemen who are trying to make hay have had enough rain. Some have cut hay and got it rained on, while others are waiting for some open sunny weather so that they can make hay.

Fall seeding time for winter annual forages is rapidly approaching. Ryegrass, small grains and annual legumes for grazing are seeded from late August through October. Reports indicate that seed supplies will be adequate and producers who plan to plant these crops should be making arrangements for seed purchases and be ready to seed these crops on time.

Continued rains in much of the state are making pasture weeds grow.

Many of the summer perennial grasses such as bahia grass, dallisgrass and bermudagrass are producing more growth than cattle can graze while at the same time excesses can often not be harvested for hay due to rainy weather in many cases. Under these conditions grasses become mature and tough with a resulting decrease in animal performance of graz-

ing cattle. This being the case and especially if weeds are present, it is often best just to clip pastures. If fencing is available, it may be possible to confine more animals to certain pastures so that they will better utilize growth while other fields may be set aside for hay when hay making weather arrives with the exception of lower quality, over mature hay.

This type hay often referred to as "long hay" is often good to have available for cattle grazing succulent winter annual grasses and legumes since these cattle will always eat some hay when available.

### LOW PRICES HURT

Farmers are in financial trouble. They're victims of their own production miracle. They produce more than a sluggish economy can buy, a situation that depresses prices to the point where farmers often get less for their commodities than it costs to produce them.

Net farm income this year may be the lowest in real dollars since the Depression. The latest U.S. Department of Agriculture estimate is \$19 to \$21 billion. That's a little more than half of what it was in 1973.

The farmer's dilemma comes in spite of astounding

productivity. In the last 15 years, U.S. farm output has tripled while the farm population declined by half. The American farmer is by far the most productive in the world. He produces enough food for himself and 77 other people.

It's ironic that being very good at his job is a major source of the farmer's problem. The squeeze brought on by low crop prices, along with high interest rates, has put literally thousands of farmers in a severe financial crunch.

Marketing is only one of a myriad of problems the farmer faces. Until we learn how to control the weather and develop better ways to protect soil and water, he will continue to face perplexing problems.

### WOODS ARSON

Smoky Bear, America's most famous fire-prevention spokesman, knows, all about Mrs. O'Leary's cow, because the same night of Oct. 8 and 9 in 1871 that tradition claims the cow kicked over the lantern that caused the Chicago fire that killed 250 persons and caused \$168 million in property damages, a forest fire at Pestigo, Wisconsin resulted in the deaths of 1,500 persons and burned more than one-and-a-quarter million acres.

"National Fire Prevention Week, encompassing the dates of those devastating fires, this year Oct. 4-9, is set aside annually to emphasize precautions people should take to prevent forest fires as well as structural fires," says State Forester Sid Moss.

Over the past five years Mississippi has averaged some 9,000 forest fires a year that have burned over 125,000 acres. Nearly all those fires were people-caused and could have been people-prevented. In fact, a very high percentage of Mississippi's forest fires are deliberately set by woods arsonists, according to Moss.

"If that's not shocking enough, the woodsburning problems is compounded by the fact that, according to studies, many times the woodsburner has the unspoken approval of his neighbors—that is, they don't think of burning the woods as being such a bad thing.

Moss said that while there are times when the fire can be used to advantage in the forest (to reduce fire fuel on the forest floor and to reduce competition for food and water from unwanted vegetation in timber stands) this type burning must be done

under prescribed circumstances and carefully controlled conditions.

"Wildfires set by arsonists are for other reasons—sometimes plain meanness—and they are often devastating to woodlands," the state forester says. "We have made good progress in reducing the average size of forest fires—down to approximately 14 acres in 1981—but progress is more difficult in stopping woodsburners.

"For one thing, an arsonist can set out a whole string of incendiary devices and be miles away by the time the fires break out. We have found that in a lot of cases, the arrest of just one individual in an area greatly cuts down the local fire problem, so we feel we can fairly conclude that one person has been responsible for a lot of fires.

"We will have to have the help of citizens who get angry enough about the destruction of their increasingly valuable forest resources to make a phone call that will help us and other enforcement agencies stop it," Moss emphasized. He said timber values have nearly quadrupled since 1971 and most people have a lot more to lose in a forest wildfire nowadays.

Who should you call if you have information about suspicious circumstances? "Any of our State Forestry Commission fire towers or district headquarters or local law enforcement officials can take the information," Moss says.

The Mississippi Forestry Association offers a \$500 reward for information leading to the conviction of forest arsonists. Other rewards are offered by Mississippi Farm Bureau and a number of banks.

ADOPTED BY THE SENATE April 3, 1982  
ADOPTED BY THE HOUSE OF REPRESENTATIVES April 4, 1982

## **SENATE CONCURRENT RESOLUTION** No. 517

A CONCURRENT RESOLUTION TO AMEND SECTION 140, MISSISSIPPI CONSTITUTION OF 1890, TO PROVIDE THAT THE SECRETARY OF STATE SHALL DELIVER THE RETURNS OF THE GENERAL ELECTION TO THE SPEAKER OF THE HOUSE OF REPRESENTATIVES ON THE FIRST DAY OF THE NEXT ENSUING SESSION OF THE LEGISLATURE AND THAT THE HOUSE OF REPRESENTATIVES SHALL ASCERTAIN THAT THE PERSON CHOSEN GOVERNOR ON THE SAME DAY.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI, TWO-THIRDS (2/3) OF THE SENATE AND HOUSE OF REPRESENTATIVES CONCURRING THEREIN, WHICH TWO-THIRDS CONSISTS OF NOT LESS THAN A MAJORITY OF THE MEMBERS ELECTED TO EACH HOUSE, THAT THE FOLLOWING AMENDMENTS TO THE MISSISSIPPI CONSTITUTION OF 1890 be submitted to the qualified electors of this state for ratification or rejection at an election to be held on the first Tuesday after the first Monday of November, 1982, for the purpose of submitting this and other amendments to the Constitution to qualified electors of this state for approval or rejection, said election to be conducted and held as provided by law for statewide general elections.

Section 203. (1) Until July 1, 1984, there shall be a board of education, consisting of the Secretary of State, the Attorney General and the Superintendent of Public Education, for the management and investment of the school fund, according to law, and for the performance of such other duties as may be prescribed. The superintendent and one (1) other of said board shall constitute a quorum.

(2) From and after July 1, 1984, there shall be a State Board of Education which shall manage and invest school funds according to law, formulate policies according to law for implementation by the State Department of Education, and perform such other duties as may be prescribed by law. The board shall consist of nine (9) members of which none shall be an elected official. The Governor shall appoint one (1) member who shall be a resident of the Northern Supreme Court District and who shall serve an initial term of one (1) year. The Lieutenant Governor shall appoint one (1) member who shall be a resident of the Central Supreme Court District and who shall serve an initial term of five (5) years. One (1) member who shall be a resident of the Southern Supreme Court District and who shall serve an initial term of nine (9) years. One (1) member who shall be employed on an active full-time basis as a school administrator and who shall serve an initial term of three (3) years, and one (1) member who shall be employed on an active and full-time basis as a schoolteacher and who shall serve an initial term of seven (7) years. The Lieutenant Governor shall appoint two (2) members from the state at large, one (1) of whom shall serve an initial term of four (4) years and one (1) of whom shall serve an initial term of eight (8) years. The Speaker of the House of Representatives shall appoint two (2) members from the state at large, one (1) of whom shall serve an initial term of two (2) years and one (1) of whom shall serve an initial term of six (6) years. The initial terms of appointees shall begin on July 1, 1984, and subsequent appointments shall begin on the first day of July for a term of nine (9) years and continue until their successors are appointed and qualify. An appointment to fill a vacancy which arises for reasons other than by expiration of a term of office shall be for the unexpired term only. Legislative shall, by general law prescribe the compensation which members of the board shall be entitled to receive. All members shall be appointed with the advice and consent of the Senate and no members shall be actively engaged in the educational profession except as stated above.

Amendment Section 202, Mississippi Constitution of 1890, to read as follows:

Section 202. (1) Until July 1, 1984, there shall be a Superintendent of Public Education elected at the same time and in the same manner as the Governor, who shall have the qualifications required of the Secretary of State, and hold his office for four (4) years, and until his successor shall be elected and qualified, who shall have the general supervision of the common schools and of the educational interests of the state, and who shall perform such other duties and receive such compensation as shall be prescribed by law. However, an election for the Superintendent of Public Education shall not be held at the general election in 1983, and the term of the Superintendent of Public Education who was elected at the general election in 1979 shall be extended to July 1, 1984, on which date it shall expire.

The Speaker shall, on the same day he shall have received said returns, open and publish them in the presence of the House of Representatives, and said House shall ascertain and count the vote of each county and legislative district and decide any contest that may be made concerning the count, and said decision shall be made by a majority of the whole number of members of the House of Representatives concurring therein by a viva voce vote, which shall be recorded in its journal; provided, in case the two highest electoral votes are equal, the Speaker of the House of Representatives shall be the deciding vote.

BE IT FURTHER RESOLVED, That the Secretary of State is hereby directed to give public notice of an election in the manner and for the time provided by Section 273 of the Constitution, and an election is hereby called and fixed to be held on the first Tuesday after the first Monday in November, 1982, for the purpose of submitting this and other amendments to the Constitution to qualified electors of this state for approval or rejection, said election to be conducted and held as provided by law for statewide general elections.

Now you can build a lovely collection of contemporary beverageware through our convenient, low-cost plan. Crown Point's intricate diamond pattern was inspired and designed with European richness and flavor in mind. The subtle crystalline glow of Crown Point gives any table setting the added sparkle of formal entertaining, yet it's equally at home in everyday use. And now, it can be yours at a very affordable price!

### How our Plan Works...

Each featured piece is available three times during the program at our special price. And there is no limit to the number of pieces you may purchase!

### Start Your Set Today..

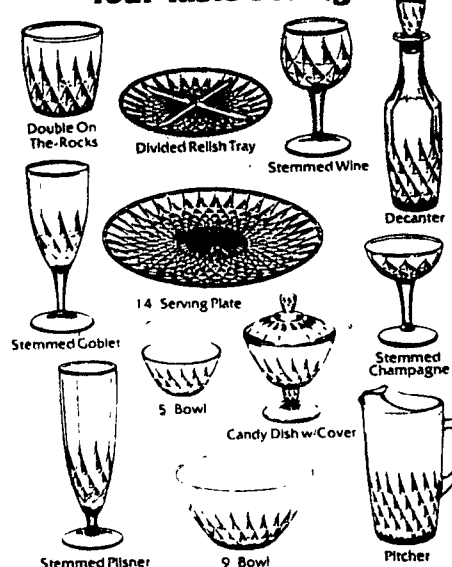

Since this same beautiful glassware sells in retail and department stores at much greater prices, our offer is a real value. Collect a service for eight, twelve or more, economically and conveniently. You'll take pride in serving your family and friends with beautiful Crown Point Beverageware.

Matching completer items are also available to round out your new beverageware collection. Each piece is on sale throughout the program at substantial savings, with no additional purchase required!
